Croatians in the Diet Charge Coalition to Slay Royal Couple

Bodies of Archduke and Duchess on Special Train

AGRAM, Croatia, June 30.—Denunciation by Nationalist Croats of a coalition in connection with the assassination of Archduke Francis Ferdinand and his consort led to a scene of violent tumult in the Croatian Diet today and the disturbance became so great that the speaker suspended the session.

Violent threats filled the chamber. The Servian deputies were taunted with being murderers and were asked if they had brought their bombs with them.

UNABLE TO BARE PLOT.

VIENNA, June 30.—According to opinions expressed today by high government officials the plot which resulted in the assassination on Sunday of Archduke Francis Ferdinand and his wife, the Duchess of Hohenberg, at Sarajevo, owed its inception to a nationalist propaganda which originated in Serbia.

This propaganda took deep root among certain elements of the Servian population of Bosnia. The Bosnian government was aware of the treasonable aims being pursued, but was obliged to proceed with the utmost caution in order not to injure another group of Servians who were loyal to it. Also there were certain considerations of foreign policy which had to be reckoned with. The Bosnian authorities, while carefully watching and restraining these fanatics, apparently were unable to discover the conspiracy in time to prevent Sunday's crime.

How deeply this Servian danger really penetrated Bosnia is impossible to estimate, but fears are expressed here that it would be difficult to stem it now.

News of the death of Archduke Francis Ferdinand and the Duchess of Hohenberg was broken to their children on Sunday evening. The orphans broke down and their aunt, Countess Chotek, fainted.

The Tagblatt today says the late archduke's life was insured with Dutch companies for \$12,000,000 and that of his wife for \$5,000,000.

BODIES REACH METROVITCH.

METROVITCH, Herzegovina, June 30.—The bodies of Archduke Francis Ferdinand and his consort, the Duchess of Hohenberg, arrived here this morning on a special train from Sarajevo, Bosnia. They were accompanied by the members of the household.

The town was draped in black, while

JAPAN NOT HOPEFUL

Comment Shows Little Expectation of Abrogating Alien Land Law.

TOKIO, Japan, June 30.—Takaaki Kato, the Japanese Foreign Minister, announced today that details of the treaty negotiations between Japan and the United States on the subject of the California alien land ownership legislation would not be published out of deference to a request from the United States Government and also because the publication was deemed unnecessary.

The comment today of the more moderate among the leading newspapers unanimously expresses dissatisfaction with America, but following the cue given by the Foreign Minister, shows a disposition soberly to discuss the subject in the hope of enlightening instead of exciting the public.

The fear is expressed that Japan's case is hopeless and there is evidence of a strong feeling that the time has arrived to fix the status of Japanese subjects living abroad.

Death Penalty Closes Speedy Murder Trial

WINNFIELD, La., June 30.—Ninety minutes after Seth Jefferson, a negro, was placed on trial here yesterday, charged with the murder of Mr. and Mrs. Samuel Chandler of Calvin, La., he had been found guilty.

He was sentenced to hang at the electric chair under militia escort. A mob of 300 men was reported to be waiting outside the town to lynch the

WAGE WAR ON RATS

New Orleans Begins Wholesale Campaign to Prevent the Spread of Plague.

NEW ORLEANS, June 30.—State and city health authorities were astir today preparatory to the inauguration of the first wholesale campaign in the history of the South for the extermination of rats in order to prevent the spread of bubonic plague.

Two cases of the disease recently have been discovered in the Industrial Home of the Volunteers of America in New Orleans. One man died, another is ill and 25 inmates of the place have been isolated.

With the home as a radius of a zone extending four blocks in every direction, the plans were for the concentration of a concrete barrier around the entire area and for a rat drive towards the center.

MEMPHIS ON GUARD.

MEMPHIS, Tenn., June 30.—While no alarm is felt here regarding the bubonic plague, health authorities will take every precaution to prevent its introduction into Memphis.

Examination of rats caught in the neighborhood of the Mississippi wharves, however, will be made by the city bacteriologist for flea.

PRECAUTION ORDERED IN IOWA.

DES MOINES, Ia., June 30.—Boards of health in cities along the Mississippi river were instructed today to take immediate precaution to exterminate rats.

Rats captured in connection with telegraphic requests sent out by Lafayette Higgins, sanitary engineer of the Iowa Board of Health.

BATHERS JOIN IN

Fashionable Dance, in Scanty Garb on Shore, Makes Sensation.

They've invented the Neptune tango! Awful!

Alameda is busy talking. The staid city of the Enchanted has had more excitement lately out of its bathing beach than out of anything else in ten years—but it remained for the Neptune tango to cap the climax. The women who protested the man's bathing suit with the pink ribbons have forgotten that now there's too busy studying the Neptune tango.

It started on Sunday, when a band was playing at the beach. Two pretty girls in bathing suits began a very fetching little tango on the water's edge—and gasps of astonishment followed.

That wasn't all. Other dances followed.

More gasps.

More dancers.

In a short time the whole beach was either tangoing or gasping.

The two tangoing mermaids, whose charms set the whole beach agog, were Miss Vivian Young and Miss Martha Larebach, prominent Alameda society girls and accomplished swimmers. Their feats in the water have already won them attention. Their dancing was even prettier than their swimming.

Both girls have at some time been well known at the beaches as expert divers and swimmers. They declare that tangoing is better than running up and down the beach in drags.

Wilson Turns Down Suffrage STATE ISSUE HE TELLS WOMEN

Declines As President to Support National Amendment

His Ultimatum Heard by Delegation of 500

WASHINGTON, June 30.—President Wilson told a deputation of more than 500 woman suffragists at the White House today that woman suffrage was a state issue and not a national one, and for that reason he would not use his influence for the passage of a constitutional amendment in Congress.

The suffragists represented organized club women of nearly every State.

"What are you going to do for woman suffrage at this session of Congress?" was the question the leaders bluntly asked. "Will you use your influence in favor of the Mondell-Bristow suffrage resolution for a constitutional amendment which comes up before the House Rules Committee tomorrow?"

Headed by Mrs. Harvey W. Wiley, Rheta Childe Dorr, Mrs. William East, Alice Paul and other leading spirits in the Congressional Union for Women's Suffrage, the delegation, after a public mass meeting, marched behind a big brass band to the White House gates, where they were received by Secretary Tamm, who took them to the President.

PRESENT RESOLUTION.

A large engraved copy of the suffrage resolution adopted at the recent Chicago convention of the Federation of Women's Clubs was presented to the President as a preliminary to the speeches of the suffragists.

Presenting the engraved resolution, Mrs. Ellis Logan replied to the charge

U. C. CASHIER IS JAILED WRIGHT ASKS PROBATION

HARRY L. WRIGHT, ACCUSED CASHIER OF UNIVERSITY OF CALIFORNIA, WHO ASKED FOR PROBATION TODAY.

SPARES DOG'S TAIL

Sheriff Barnett Heeds Prisoners, Who Pity "Barney," Jail Canine.

"Sheriff, spare that dog's tail!" This is the plea of seventeen prisoners in the county jail, whose petition has probably saved "Barney," the jail dog, from a painful although beautiful operation.

"Barney," the property of Sheriff Barnett, is a product of the kennels of Mrs. Malcolm Whitman (Jennie Crocker) and was, when young, according to the sheriff, a Yorkshire terrier. Since then he has developed a canine beauty that has shocked the sheriff's sense of the veterinarian, and finally it was decided to cut off the tail that wagged the dog.

But seventeen prisoners, all friends of Barney, protested. Hearing of the operation they first grove to hide their dog, and today, just as Barney was about to be crutched, the veterinarian, the following petition was received:

"Alameda County Jail, Oakland, Cal., June 29, 1914.—Frank Barnett, Sheriff: We, the undersigned, guests of the state of California, understand that there is about to be an operation performed on our friend Barney.

"In view of the fact that Barney is fast approaching the end of his allotted time, we pray and beseech that the amputation of his tail be postponed until after his death.

"We honestly believe that the operation might prove fatal and then we would be deprived of his faithful companionship. If such be not the case, we believe it to be no more than fair that he be allowed everything nature

'GUILTY,' HIS PLEA

Former University Employee, in Cell, Awaits His Fate.

Harry L. Wright, former cashier at the University of California, arrested following the discovery of a shortage in his accounts, and declared to have embezzled in the course of four years several thousand dollars, this morning entered the county jail, pleading guilty to the specific charge of embezzling \$668.75 from the funds of the regents of the University of California. Wright today asked probation. He was remanded to the county jail for three weeks, pending the report of the probation officer, by Superior Judge William H. Donahue.

Wright went to jail without a tremor after conversing in the court room with his attorneys and several friends. He smiled as he entered the portals of the jail, where he was assigned to a cell.

Wright was arrested following an investigation of his books, which showed, according to the University of California officials, that for years

EXPLOSION SEEN FOR MILES

Outbreak Is Thirteenth Since First Appearance of Activity

Dense Column of Smoke Ascends 3000 Feet Above Crater

BULLETIN.

CHICO, June 30.—It is feared that Forest Ranger Harvey Allen and Tom Lee, who left Mineral at 8 o'clock this morning for the summit of Mount Lassen, were killed in the eruption which broke out at 11:30 o'clock this morning. The most violent of the thirteen explosions yet, the outburst shot up a vast column of smoke and steam and spread ashes over the countryside for many miles.

RED BLUFF, June 30.—Lassen peak exploded today shortly before noon in its thirteenth eruption since May 30th, with a dense column of black smoke that shot up thousands of feet and then drifted slowly northward.

Ten minutes later a smaller column of black smoke, fringed with whiteish steam, ascended more gradually and is still rising.

OUTBURST IS LONG.

The eruption has lasted longer and has the appearance of being more violent than any that preceded it.

After taking the angle of elevation with a transit, the county surveyor estimated the height of the first column at 3000 feet. At the end of an hour it had dwindled to 500 feet and the floating of white in its side indicated that it was mostly steam. The dense black of the first outbreak was undoubtedly due to a heavy freight of volcanic sand, torn loose from the throat of the crater by subterranean explosions.

The spectacle, visible here and in Redding or, for that matter, as far as the peak itself can be seen, was wonderfully impressive and people gathered on street corners and house tops to witness it.

RAISE SPEED LIMIT

Ten Instead of Six Miles New Rule in the Yosemite Valley.

YOSEMITE, June 30.—The automobile speed limit on the floor of Yosemite Valley has been raised from six to ten miles an hour and a better understanding between motorists and park authorities has been brought about by the visit to the park of General Superintendent of Parks Mark R. Daniels of Berkeley, recently appointed by Secretary of the Interior.

Daniels made a trip as passenger today in a Buick Six car driven by G. A. McGee and G. H. McCutcheon of the Henry and Auto Company for the purpose of learning the inside workings of rules and regulations now in force.

Rules at present in effect were made with the exception of one or two restrictions, favorable to motorists. Many troublers in the past have been due to misunderstandings. Park authorities are doing all in their power to make motoring to the valley pleasant, with due regard to the safety of motorists and those employing other modes of travel.

Original rules were adopted on recommendation of the Auto Association and will be improved upon by the authorities as conditions allow, as was done today in raising the speed limit on the valley floor.

In Daniels' party today, besides McGee and McCutcheon, were Frank Lathrop made over the Elk Flat and Coulterville route. While in the park, Daniels and Mr. Lathrop covered all roads to secure first hand information as to the practicability of motor travel.

SERBIAN DEPUTIES BRANDED SLAYERS

The Croatian Nationalists Are
Accused of Coalition to Slay
Royal Couple.

(Continued From Page 1)

All the lamp posts were covered with crepe. Flares on all buildings were at half-mast. Guards of honor from the army and navy were drawn up along the platform and behind them were gathered the local authorities, school children of the town and a dense crowd of citizens.

The caskets were removed from the cars by bluejackets and after a prayer by a priest were conveyed amid the toll of muffled drums and the tolling of church bells to the royal yacht, the Dalmat. They were covered with military flags and wreaths, while on the yacht itself were hundreds of floral offerings from military and naval officers and civilians.

FIRE SALUTE.
As the yacht departed the guard of honor fired a general salute. The vessel was preceded down the river by a torpedo-boat and followed by the governor's yacht, on board of which were the members of the household of the archduke and duchess. The governor also accompanied the bodies while they remained in the waters of his territory.

Every village and hamlet along the River Narenta was draped in mourning and their populations, headed by the mayor, lined the banks and assembled along the banks and women bearing lighted candles and kneeling while the yacht passed. At the same time the church bells tolled and the priests uttered blessings.

When the Dalmat reached the mouth of the river it proceeded directly to the battleship Viribus Unitis, which was lying at anchor waiting to convey the bodies to Trieste. The yacht fired a salute of nineteen guns as she came alongside the battleship and the coffins were transferred to the after deck of the Viribus Unitis which had been transformed into a mortuary chapel decorated with flags. Here the bodies were again blessed with much ceremony by the ship's chaplain in the presence of the members of the household and the naval officers, while the entire crew was drawn up in a circle around them.

The battleship Viribus Unitis is proceeding slowly toward Trieste so as to allow the court officials in

Vienna time to make preparations for the funeral. The vessel will arrive on Wednesday evening and the bodies will be taken ashore on Thursday and conveyed on gun carriages through troop-lined streets to the railroad station on their way to Vienna.

CHILDREN GET ESTATE.
VIENNA, June 30.—The will of the late archduke was found and opened by Emperor Francis Joseph this afternoon. The archduke's children, it is said, are to inherit their late father's estates in Bohemia and at Salzburg and Austria. The executor of the estate, including the famous Villa Tivoli at Florence, are to go to the new heir to the throne.

EMPEROR TO ATTEND FUNERAL.
BERLIN, June 30.—It was officially announced today that Emperor Wilhelm would go to Vienna to attend the funeral of Archduke Francis Ferdinand and the Duchess of Hohenberg. It is probable that the emperor will abandon his projected Norwegian trip.

MONUMENT DRAPED.
GENEVA, June 30.—The monument, erected to the memory of Empress Elizabeth of Austria, who was assassinated by an Italian anarchist at Geneva in 1895, was draped with black yesterday. It is understood that this was by special order of Emperor Francis Joseph.

MARTIAL LAW CONTINUES.
SARAYEVO, Bosnia, June 30.—The night passed quietly in this city. Six persons were arrested for slight offenses today.

Reports from other districts of Bosnia today say that disorders have virtually ceased.

The perpetrators of Sunday's outrages are to be tried before the civil courts and not under martial law. Nedjeljo Gabrinovic, who threw the bomb at the archduke and his consort on Sunday, will then be liable only to imprisonment for a period of from five to ten years on a charge of attempted murder, while Gavrillo Princip, who fired the fatal shots, may, it is said, escape with ten years' imprisonment on account of his youth.

WILSON DECLINES TO AID SUFFRAGE

Mrs. Harvey W. Wiley Heads

Decision.

that the Chicago convention had been packed in favor of the suffrage resolution.

"The women over the seas are holding out their hand to us," said she. "Eight million working women have their eyes on the result of this resolution today."

"Mr. President, on the eve of the Fourth of July, when the declaration of our forefathers still rings its jubilation note around the world, what more fitting hour and time for our President, the father of daughters, to give his voice and influence to our cause?" Mrs. A. V. Bekin of Bloomfield, N. J., presented a telegram from the Woman's Political Union of New Jersey.

"The women of your home state feel confident you will not fail them," she said to the President.

Mrs. Harvey W. Wiley spoke briefly and introduced Mrs. Dorr, who made the principal plea of the suffragists.

SOUNDS LIKE REBUKE.
"Since our last visit to the White House," said Mrs. Dorr, "you have receded from your previous position. You have initiated and carried through Congress an extremely important piece of legislation without waiting for party instructions. In fact, you carried it through in the face of positive instructions to the contrary, written in the platform on which you were elected."

"Your justification rested on the fact that a certain situation had changed, and a changed situation called for a changed policy. We submit that the situation in regard to woman suffrage has changed absolutely since the Baltimore platform was written."

After reviewing the growth of suffrage in the states and predicting legislation in Congress to enfranchise women, Mrs. Dorr said:

"It was extremely kind of you to receive this deputation, but we have reached the point where we are not satisfied with kindness and tolerance. We want action. We therefore, ask you to answer a plain question: What are you going to do now in this present session of Congress for woman suffrage? Are you going to use your powerful influence to induce Congress to pass the Mondell-Bristow resolution?"

WILSON ON GRILL.
The President declined to support the Mondell-Bristow resolution, which comes up for a vote before the House rules committee tomorrow. Some of the leaders began to put him through a sharp cross-examination, which the President took good-naturedly.

Mrs. Rheta Childe Dorr and Mrs. Harvey W. Wiley questioned him on his attitude with respect to other national issues, and after answering several of their questions, the President declared:

"I cannot permit myself to be cross-examined."

That put a stop to the questioning and the delegation slowly filed out of the White House giving expressions of disappointment and regret.

Kills Rattlesnake, Measuring Six Feet, in Rock Ridge Hills

Battling with a large rattlesnake, one of the first seen in the district for years, Robert Cheatham of 39 Edith street killed the reptile, on which his sister, Miss Rosemond Cheatham, had almost stepped while the pair, with a picnic party, were enjoying a holiday in the Rock Ridge hills. He brought his trophy to Oakland today.

Cheatham and his sister, with Mrs. Lydia Merrill and Robert and Lillian Merrill, 35 Edith street, and A. B. Henderson of 6124 San Pablo avenue, were returning toward dusk when the snake was encountered. Miss Cheatham and her brother were walking together when the rattlesnake was seen. Warned by a rattle, as the reptile coiled and ready to spring, raised its head. As it struck out Cheatham hit it with the stick that he carried. Several times it coiled and struck, and each time Cheatham, out of reach, hammered it with his stick.

HURLED TO DEATH IN FLY WHEEL

Railway Power Plant Employee
Loses Balance, Dashed
Against Ceiling.

SAN FRANCISCO, June 30.—Mario Claudio was hurled to his death by a great fly wheel in the power plant of the California Street Railway Company, at California and Hyde streets, this morning. While working near the great wheel, Claudio suddenly lost his balance while he was swinging a sledge hammer, and in some unaccountable way he was caught in the rapidly revolving wheel, whirled around and around with those nearby powerless to assist him. As they rushed to the switch to shut off the power, the body of the unfortunate man was dashed against the ceiling and dropped lifeless to the floor. Claudio was 43 years of age, and lived at Green and Montgomery streets.

WILL TEST VOICE

Colonel Roosevelt and Son
Leave for Progressive
Conference.

NEW YORK, June 30.—Colonel Theodore Roosevelt, accompanied by his son, Theodore Roosevelt Jr., and his secretary, left this morning for Pittsburgh, here tonight he will speak at the closing session of the second annual conference of the Progressive League of Pennsylvania.

Colonel Roosevelt appeared to be in excellent health, but expressed doubt as to the wisdom of his trip. His speech at Pittsburgh, he said, would serve as a test of his voice and determine to some extent, at least, his plans for the campaign.

These Fishes Were Too Heavy for Diet

Sherriff Barnett likes trout. So does Guy Smith. Sheriff Charles Cole, at Grass Valley, caught them at the same place. A sad tale of hopes dashed to earth—or into a coal scuttle, rather, and dinner party planned by Guy Smith that proved a failure.

Cole caught the limit in trout. Half the catch he dispatched to the sheriff, with instructions to divide with Smith. Smith was out of the city—the fish wouldn't keep, and the sheriff and his deputies shared them.

The sheriff apprised Cole of the fact also suggesting a good joke on Smith, and Cole heaved and laughed. Yesterday Smith received a letter informing him that more fish were coming—this time for Smith. Smith received the box, paid the express charges and invited his friends to a big "trout feed."

The guests assembled. The stove was made ready—and Smith opened the box. The trout were large, fat, all right—but they were made of plaster, purchased by Barnett at a local store where label they bore, shipped by Barnett to Cole and then shipped back to Smith.

'Dry' Law Converts Brewer Into Packer

CHARLESTON, W. Va., June 30.—Reports from over the state today indicated that many saloonkeepers anticipated the enforcement of the prohibition amendment tonight by closing their places this morning. Some of them had disposed of their stocks and others frankly confessed they feared disorder in the closing hours of business.

Thrown From Buggy And Seriously Injured

The horse she was driving taking fright and causing the buggy to lurch, Miss Mary Rose, 1629 Felton street, Berkeley, was thrown from the buggy to the ground early this morning, sustaining a fractured pelvis and probable internal injuries. She was removed to the Emergency Hospital by the police and is now in a serious condition.

The accident occurred at Thirtieth and was found on the ground after the accident by passersby who notified the police and a ambulance was sent to take her to the scene. The girl is in considerable pain and being held at the hospital for observation.

BUTTE'S MINERS' UNIONS TO MEET

Threats Against Federation's Gathering Cause Place to Be Kept Secret.

BUTTE, Mont., June 30.—Meetings of the two miners' unions in Butte are expected to be held tonight. One by the Butte local No. 1, Western Federation of Miners and the other by the independent union, known as the Butte Mine Workers' Union.

Threats have been made that the meeting of the Butte local of the federation would be broken up, as was the meeting of last Tuesday. President "Moose" McDonald of the independent union upon hearing that threats had been made against the old union, issued a statement to his followers requesting that they do not interfere in any meeting of the federation.

The federation's meeting place is being kept secret, for fear that it will be interrupted because of lack of police protection, according to Joseph Harkins, secretary of the independent union.

While Moore did not reveal the source of his information, he stated that it came from an authority whose reliability he did not question.

Moore expressed himself as satisfied with the progress of the day's work in Butte and believes that the majority of

Check Flood Waters Of Mississippi River

ST. PAUL, Minn., June 30.—The arrest of the flood waters that swept down the Mississippi River late yesterday when a section of the cofferdam at the Government works gave way, held back St. Paul and the section south of here late last night and fears of great property damage were allayed.

Dwellers of the lowlands had been warned of a possible break, due to the high stage of the river, and many of them already had moved their household goods to places of safety. Less than 100 families were driven from their homes by the water.

ST. LOUIS JOKE BRIDGE BOND ELECTION ISSUE

ST. LOUIS, June 30.—St. Louis is today voting on a bond issue of \$2,750,000 to complete the east approach to the municipal "free bridge" which was started over seven years ago and today ends on the Illinois side more than 100 feet above the water. Fights over various approaches, interurban franchises and labor unions, coupled with a lack of funds, have tied up work on the structure for years, costing the taxpayers hundreds of dollars a day on bond issues, with absolutely no return. Initiative petitions finally forced the city council to submit an additional bond issue to a vote today.

Set Off Fireworks; Blames Mrs. Hearst, and Wants Damages

Alleging that his health has been seriously impaired as the result of the inhalation of fumes from fireworks set off on the 4th of July at the hacienda of Mrs. Phoebe A. Hearst, near Pleasanton, Louis A. Gorman has filed suit in the superior court for \$20,000 damages. The plaintiff states that he had been employed for a considerable time on the country estate and that on July 4, 1913, he was instructed to take charge of a pyrotechnical display. The place selected was surrounded by trees and shrubs, and the plaintiff alleges that the branches overhanging the spot in such a manner that the gases were prevented from escaping.

German declares that he inhaled the poisonous fumes and that they were "absorbed by his body," so that his nervous system was wrecked. He says that he has been unable to attend to his usual work and that he believes he will be incapacitated for at least five years to come.

CHARTER STEAMER FOR OAKLAND CONVENTION

A party of 800 Christian Endeavorers from the southern part of the State have chartered the steamer Harvard for a trip from Los Angeles to Oakland. They will be here for a week in two and members of Christian Endeavor societies around the bay will entertain the visitors.

Oakland is the destination of the "Endeavor party," say members of Oakland Chamber of Commerce. They say why not have them land at an Oakland dock? The chamber will make a special effort to have the Harvard berth at an Oakland dock to disembark the visitors instead of having them land at San Francisco.

I. W. W. AGITATOR IS AGAIN PUT ON TRIAL

PATERSON, N. J., June 30.—Carlo Triccia, the Industrial Workers of the World leader whose activities have been the subject of a recent trial, was today again placed on trial. Triccia was tried at the time of the strike, but the jury failed to agree.

HUERTA IS PLANNING FLIGHT

Federals Are Routed by Rebels With Terrible Loss

Thousands Die at Zatecas; 400 Bodies in Trenches

WASHINGTON, June 30.—

Private dispatches received here today from unofficial sources in Mexico City stated that President Huerta had sent his son and daughter toward Puerto Mexico and was making preparations for his own departure on short notice. The information was conveyed to the State Department.

2000 FEDERALS KILLED.

TORREON, June 30.—Railroad men brought the information today that General Medina Barron, commander of the Federal garrison defeated last Tuesday at Zatecas, had reached Aguas Calientes with only 14 men. General Barron was wounded in the thigh, they said.

The body of General Oles, another Federal commander, has been found in the position his men occupied on the Zatecas battlefield, according to reports made to General Villa, who was here today. A son of General Barron, a major, was also killed and his body found and identified.

A small group of Federals that left Zatecas in any order was one of about 200 men. It has been learned. All others died in the trenches. So far as it has been possible to ascertain, the Federals who managed to escape the Constitutionalists' fire numbered no more than 200. The garrison consisted of from 15,000 to 17,000 men. About 5000 were taken prisoners.

The extensive battleground has made definite figures difficult to learn. On the Guadalupe road leading to the city, some 1000 dead men were seen. In the trenches and on the hill El Grillo.

EXPECT ANSWER.

WASHINGTON, June 30.—Some answer from General Carranza as to participation in the Niagara mediation conference was expected at Constitutional headquarters by night. Luis Cabrera, Carranza's agent here, said the general had been conferring with his old chief, as required by the plan of Guadalupe, and probably by this time had learned their views.

HOPE FOR PROVISIONAL PLAN.

WASHINGTON, June 30.—New elements in the Mexican situation caused by internal dissensions in the revolutionary ranks and Carranza's delay in outlining his attitude toward the proposed conference between his representatives and Huerta's delegates, led some Mexican situation in an unsettled state today. Administration leaders declined to discuss these developments, but hope still was expressed that a way might be found for the establishment of a provisional government in Mexico that would inspire ready recognition.

Some of the Constitutional representatives in Washington reiterated belief that Carranza would decide to send delegates to meet the Huerta mission. Luis Cabrera, one of the Constitutional chief's trusted lieutenants, said Carranza would soon complete consultations with the revolutionary generals over the proposals for the Niagara conference and that a definite answer would be sent to the mediators within a few days. Whether they could await that answer or take a recess has not yet been decided. Secretary Bryan would not discuss the probable length of time the mediators would await a definition of Carranza's stand. It appeared, however, that they would take no summary action as long as there remained hope that the Constitutionalists might send delegates to discuss plans for a provisional government.

MAY REPAIR BREACH.

Satisfaction was expressed in administration circles today over reports that representatives of Carranza were to meet the fighting general, Villa, this week in an effort to repair whatever breach has occurred between the two leaders. That news came as the stress of reports from some sources that the more outspoken of Villa's followers along the border had begun to discuss an open breach in the northern government. Coupled with such reports were rumors that Villa intended to send representatives to Washington and border points in the United States. Constitutional agents have refused to consider such reports, and it was contended that the differences between Carranza and Villa would not last long.

Developments in the Constitutional battle plan have been hailed for the moment since the reported evacuation of Aguas Calientes by Huerta's forces. Whether Villa had started north from Zatecas, where recently he won a notable victory, because of his dispute with Carranza, was not clearly indicated. Revolutionary agents in Washington, have asserted, however, that the campaign was to be pressed, and in some sources it was said Villa's reported return to Torreon was only a tactical move. Elsewhere it was suggested he had gone to Torreon to meet Carranza's envoys.

WHY PROPOSALS WERE REJECTED.

MEXICO CITY, June 30.—Roberto Esteve-Ruiz, acting foreign minister, has given out a memorandum bearing on the statement of the Mexican delegates to the Niagara Falls mediation conference, addressed to the American delegates and first made public from Niagara Falls June 17. In it he brings out certain passages which were not contained in the statement issued at Niagara Falls.

The object of the memorandum, it was said, was to combat the proposals presented by the American

General Villa ordered the tub in El Paso, Texas, from a representative of a Chicago firm.

MEXICO EXILES SUTTER FAMILY

No Edict, But Disorders Compel Pioneer's Descendants to Flee.

SAN FRANCISCO, June 30.—Aboard the Pacific Mail steamer City of Peru, which arrived in the harbor at 6:30 o'clock this morning from Mexican ports, were a party which included descendants of the pioneer General Sutter, of Sutter fort fame, who fought with the Indians and held large grants under the Mexican government.

Mrs. Nicholas Wade Sutter, widow of John A. Sutter Jr., headed the party. With her are her eight grandchildren and six great-grandchildren. The Sutters were advised by the British consul to leave Mexico.

Mrs. E. P. Link, a daughter of John Sutter Jr., by her former marriage, was also in the party. She and her husband connected a hotel at Acapulco but matters went from bad to worse until they were forced to give up their business.

Mrs. Nicholas Sutter had in her possession a commission which her husband held as consul at Acapulco years ago. It was signed by General U. S. Grant and Hamilton Fish, secretary of state, and dated July 12, 1870.

SUPPOSED OFFICER IS HOLDUP'S DECOY

Pretending to Arrest Victim He Leads Him to Accomplices.

SAN LEANDRO, June 30.—Three thugs lured Joseph Silva, of Oakland, into a park on Davis street and then beat him almost unconscious, robbing him of \$5.00 and leaving him lying half dead.

One of the thugs introduced himself as an officer and told Silva he was under arrest on a charge of assaulting a woman. Silva denied the accusation but agreed to accompany the supposed officer in order to clear himself of the charge. Two men jumped on Silva as he passed through the Davis street park in company with the "officer" and he was beaten to the ground and roughly handled.

Marshal Joseph Peralta and two deputies are investigating the circumstances of the brutal attack.

Silva was returning home from the I. D. E. celebration when he was attacked.

COMPILE CITIES' SALARIES

Cost of Officials to Communities of Over 30,000
Given in Commerce Department Report

WASHINGTON, D. C., June 26.—The numbers, terms of office, and salaries of the legislative and general executive officers of cities having a population of over 30,000 are given in a report on Financial Statistics of Cities which has been issued by William J. Harris, director of the Census, Department of Commerce. This report was prepared under the supervision of Lie Grand Powers, chief statistician for finance and municipal statistics.

Statistics for 195 cities are given, divided into five groups. Cities of group 1 had a population of 300,000 and over; group 2, a population of 100,000 to 300,000; group 3, a population of 50,000 to 100,000; group 4, a population of 20,000 to 50,000. The city officials included in this report are the aldermen and councilmen, commissioners, mayor, or chamberlain, collector of revenue, assessors, and city attorney or solicitor.

The report calls attention to the lack of uniformity in nomenclature of city officers and the duties assigned to them. Any comparison of salaries paid by the different cities, therefore, can be made only partially, the cost to the city for specific services being determinable only by ascertaining the character and extent of the services required of the officials.

SALARIES OF GROUP 1.
The officials of cities in group 1, having a population of 300,000 and over, naturally receive larger salaries than those of cities of smaller population. New York paid its mayor \$15,000 a year, while Chicago paid its chief executive \$18,000 a year; Philadelphia, \$12,000; St. Louis, \$5,000; Boston, \$10,000; Cleveland, \$10,000; Baltimore, \$6,000; Pittsburgh, \$10,000; and Detroit, \$8,000.

The salaries of the city clerk for cities of group 1 ranged from \$3,000 which is paid in New York, to \$2,000 which is paid in St. Louis.

The comptroller of the city of New York received a \$15,000 salary; of Chicago, \$10,000; and Philadelphia, \$8,000. The other cities in this group paid salaries of either \$4,000 or \$5,000 per annum to the comptroller. The auditor of the city of Boston was paid \$8,000 a year, a larger salary than was paid by any other city in this group, the salaries for other cities ranging from \$4,000 to \$5,000. The city chamberlains or treasurers of New York and Chicago each received a salary of \$12,000 a year, while the salaries of those

in the seven other cities ranged from \$500 to \$10,000 a year. The assessors of the cities of group 1 received salaries ranging from \$7,000 in New York to \$2,700 in Pittsburgh. The city attorney of New York City received \$15,000 a year, and of Chicago and of Philadelphia, \$10,000. Baltimore paid the lowest salary of any city in this group to its city attorney—\$4,500 a year—the salaries in the other cities in this group ranging from \$500 to \$8,000.

SALARIES OF GROUP 2.
The cities of group 2 include Buffalo, San Francisco, Milwaukee, Cincinnati, Los Angeles, Newark, New Orleans, Washington, and Minneapolis. The mayors of Cincinnati and of New Orleans received the largest salaries for cities of this group—\$10,000 a year—while the salaries of mayors in the other cities ranged from \$4,000 in Milwaukee to \$500 in San Francisco.

SALARIES OF GROUP 3.
In the 35 cities of group 3 the mayor of Seattle, Wash., received the largest salary, \$7,500 a year. The salaries of the mayors of the other cities ranged from \$2,000 in Eastern, N. J., and Grand Rapids, Mich., to \$500 in Denver, Colo., and Memphis, Tenn. The salaries of the city clerks in cities of this group ranged from \$1,500 per year in Patterson, N. J., to \$500 in Jersey City. The comptroller in these 35 cities were paid salaries ranging from \$1,000 in San Francisco to \$250 in Patterson, N. J. The treasurer received salaries ranging from \$400 in Denver, Colo., to \$200 in Bridgeport, Conn. The salaries of the assessors ranged from \$400 a year which was paid in Denver, Colo., to \$2 per day in Toledo, Ohio. The auditors received salaries ranging from \$400 in Denver, Colo., to \$100 in Lowell, Mass. The salaries paid to the city attorneys of the cities in this group ranged from \$7,000 a year in Providence, R. I., to \$180 in Spokane, Wash.

SALARIES OF GROUP 4.
The cities in group 4, which numbered 57, paid their mayors annual salaries ranging from \$500 in Mobile, Ala., to \$1,000 in Saginaw, Mich. The city clerks were paid salaries ranging from \$500 a year in Norfolk, Va., to \$800 in Allentown, Pa. The comptrollers in this group of cities were paid annual salaries ranging from \$400 in Elizabeth, N. J., to \$200 in Johnstown, Pa. The auditors received salaries ranging from \$300 in Fort Worth, Tex., to \$50 in South Bend, Ind. The city treasurers were paid salaries ranging from \$400 in Hoboken, N. J., to \$240 in Sacramento, Cal. The cities of Fort Worth, Tex., and Allentown, Pa., paid their city attorneys \$200 a year. The salaries of the city attorneys of the other cities varied from \$400 a year in Duluth, Minn., to \$100 in Norfolk, Va. The city attorney or solicitor of Atlantic City drew a salary of \$600 a year, being the highest for any city of this group.

The salaries of the city assessors or solicitors of the other cities ranged from \$250 a year in Houston, Texas, to \$100 in San Francisco. The salaries of the city attorneys of the cities in this group ranged from \$400 a year in Duluth, Minn., to \$100 in Norfolk, Va. The city attorney or solicitor of Atlantic City drew a salary of \$600 a year, being the highest for any city of this group.

SALARIES OF GROUP 5.
In the cities of group 5, which numbered 82, the mayor of Superior, Wis., was paid the largest salary, \$5,000 a year. The salaries of the mayors of the other cities of this group ranged from \$450 in Montgomery, Ala., to \$100, which was paid in Flint, Mich. The city clerk of East Orange, N. J., was paid the largest salary for cities of this group—\$200 a year. The salaries of the city clerks of the other cities ranged from \$250 in New Rochelle, N. Y., to \$60 (plus fees), which was paid in Superior, Wis. The comptrollers of cities of this group received annual salaries ranging from \$300 a year in Bay City, Mich., Newton, Mass., and Mount Vernon, N. Y., to \$100 in York, Pa. The auditors' salaries ranged from \$300 in Tampa, Fla., to \$100 in Rockford, Ill. The treasurers or chamberlains were paid annual salaries ranging from \$250 in Bay City and Jackson, Mich., to \$100 in McKeesport, Pa. The salaries of the city attorneys ranged from \$250 in New Rochelle, N. Y., to \$400 in Chester, Pa., and Astoria, Ore. The city attorneys or solicitors' salaries ranged from \$500 a year in Mount Vernon, N. Y., to \$250 a year plus fees in Salem, Mass.

KATHLYN, HEROINE OF MOVIES, ASKS DIVORCE
LOS ANGELES, June 26.—Charging that her husband deserted her months after marriage, Mrs. Frank R. Allen, known in the moving picture world as Kathryn Williams, the heroine of "The Adventures of Kathryn," filed suit for divorce in the Superior Court yesterday.

Allen was married here March 4, 1913. On June 5, Mrs. Allen's complaint recites, her husband deserted her and went East. Allen is an actor and formerly played at the Burbank theater here. Mrs. Allen asks for alimony and custody of the child.

The instant matter is now before the grand jury, after which the case will be heard by a judge of the superior court.

A claim made prepared by native Indian women and a big parade were features of yesterday's gathering.

LAST HONOR PAID TO LATE DIPLOMAT

President and Other Dignitaries Attend Funeral of Venezuelan Minister.

WASHINGTON, June 26.—Funeral services for Dr. Pedro Ezequiel Rojas, Venezuelan minister who died at Atlantic City on Friday, were held here today. President Wilson, members of the cabinet, justices of the supreme court and practically the entire diplomatic corps attended. The cabinet meeting was cancelled.

Escorted by a battalion of engineers, "equipped with machine guns and a band," the body was taken from the legation to the church on a caisson. As the caisson, carried by eight non-commissioned officers and followed by the honorary pall-bearers, was taken into the church, the assembled troops came to present arms.

In addition to the President, Secretary Bryan, Secretary McAdoo, Secretary Redfield, Secretary Daniels and members of the Senate Foreign Relations committee and the House Foreign Affairs committee, attended the high mass, after which the body was taken to the Washington Navy Yard and the minister's last resting place on the sunboat Dolphin and taken to Hampton Roads, to be transferred to the battleship Kansas and taken to Venezuela.

FIFTEEN HUNDRED SIT AT PROSPERITY DINNER

SAN FRANCISCO, June 26.—"San Francisco—undismayed by disaster, united in prosperity." That was the toast proposed by Colonel John C. Kirkpatrick at the "Prosperity" dinner given last evening under the auspices of the Retail Committee of the Chamber of Commerce in the nave of the Ferry Building. Fifteen hundred guests drank the toast, which was given at the conclusion of the splendid banquet, one feature of which was the circumstance that no hands nor voices except those produced in the State of California were used. Another circumstance marking last night's dinner unique in the fact that 500 more diners than had ever appeared at any one banquet in San Francisco, were present.

Colonel Kirkpatrick's toast was preparatory to a series of addresses on the city's achievements, with "prosperity" the keynote.

Preceding the speech-making was a program including music by Casassa's band. The regular speakers of the evening were Mayor John H. McSwain, Jr., former Mayor P. H. McCarthy, Superior Auditor J. Gallagher, President C. C. Moore of the Exposition, President William Sproule of the Southern Pacific, represented by E. O. McCormick; President John A. Britton of the Pacific Gas and Electric Company, Milton Esberg, chairman of the executive committee of the Chamber of Commerce, and Fred R. Conolly, president of the Retail Grocers' Association.

NEW CANAL TO RELIEVE FLOOD

It Will Be Constructed Around Breach in Big Turlock Reservoir.

Modesto, June 26.—A new canal about two miles long will be built around the break of the main canal as a result of the recent flood.

Turlock Irrigation district, which has caused a loss of \$500,000 by overflowing thousands of acres of land. This state was made today by Attorney P. H. Griffin of the Turlock district, who estimated the work could be completed in about three weeks. Work began today.

Hanford, June 26.—E. C. Lyon of Hanford is a somnambulist and on a nocturnal stroll early yesterday he did not awaken until he fell off a high porch and broke his left arm. His family found him in the front yard.

Grass Valley, June 26.—A strike of a pillar of almost solid gold was made yesterday at the famous Lightning mine in Allentown, which has been producing more than \$100,000 a day for several months. The mine broke into a veritable jewel mine, from which \$10,000 has already been taken. Lightning was sold three years ago by H. L. Johnson of Berkeley to a local man.

Santa Rosa, June 26.—Merrill Payne was sentenced yesterday to a year's imprisonment in the county jail after pleading guilty to contributing to the delinquency of Dear Elmer, 15 years old, of Petaluma.

Palo Alto, June 26.—Two women and a man were injured yesterday afternoon when the automobile in which they were returning from Santa Cruz crashed into a telephone pole on the State highway outside the Menlo Park schoolhouse. The three were thrown out of the machine, and at the Peninsula hospital it was found that one of the women, Miss Peggy Clark of Menlo, was suffering from serious internal injuries. Dr. Carl Wilson said this morning she would recover.

A man, who gave his name as H. H. Allen, was charged yesterday with the murder of a man, who was killed by a car in San Francisco, and the other woman escaped with minor injuries. It is declared that broken steering gear caused the accident.

Stockton, June 26.—Julius Cohn, a pioneer fruit dealer, collapsed yesterday at his home in this city from a stroke of cerebral hemorrhage.

Fresno, June 26.—The California Associated Poultry Company issued a new price list here yesterday for the 1914-1915 season. A cut of from 1 to 2 1/2 cents a pound is made on all varieties, desire to dispose of the entire holding, and before the bird crop is harvested being given as the reason.

Stockton, June 26.—W. H. Newell, a Stockton engineer, who has been placed in charge of the construction of ten miles of State highway between Kettle's Ferry and Tuolumne county to start work.

Redding, June 26.—During a (frenzied) brawl at the Redding hotel, Harry Snyder was hit on the head by a ball, and an hour later found in hospital, not speaking without stuttering. The blow also deprived him of all knowledge of the simplest mathematics. Snyder was brought to a hospital here. The physician says he suffers a concussion of the brain at the speech center.

Petaluma, June 26.—Dr. Moore and family of San Francisco, while en route to Longvale on a camping trip, had a car accident yesterday which left the touring car in a ditch, the driver, Dr. Moore, being injured and his wife, Mrs. Moore, being killed. The car was a 1923 model and was owned by Dr. Moore.

BARLEYCORN GOES OVERBOARD TODAY

Daniels' Order in Effect Tonight, Consigns Booze to Davy Jones.

WASHINGTON, June 26.—Afloat and ashore, today sees the last of the wine mess in the United States Navy. Secretary Daniels' order in effect tonight, ordered that any officer found in possession of alcoholic liquor on board ship or at any naval station, is guilty of misconduct.

There is only one exception, made in the case of the ship's surgeon who may keep a limited supply of spirits on hand for medical use only. But admiral and captain is as guilty as the seaman if he keeps a stock of wines or liquors for his own consumption or the refreshment of his guests.

The naval hostess, too, after tonight must give up the punch-bowl as a matter for her guests if the scene of the entertainment be within the naval jurisdiction, as at the Naval Academy, the naval station and the navy yards. This feature appealed strongly to Secretary Daniels, who believed that many young officers could trace their downfall to over indulgence in punch at these social functions.

At midnight tonight the naval regulations which have heretofore allowed warship officers to entertain a wine mess or club for the purchasing and use of wines, will be stricken out, and these stern words will be substituted.

ORDER IS RIGID.
"The use of intoxication for drinking purposes of alcoholic liquors on board any naval vessel, or within any navy yard or station, is strictly prohibited, and commanding officers will be held responsible for the enforcement of this order."

Since announcing this change some time ago Secretary Daniels has encouraged expressions of opinions of his actions, but the adverse comment from some officers who held it to be an infringement of their personal liberties, did not go far toward leading the Secretary from his firm stand in the matter.

The only possibility of modification is said to be special dispensation which may be granted during the exchange of international courtesies, or on such an occasion as the gathering of ships of all nations at the opening of the Panama Canal.

The only nation thus far to follow the example set by the United States is Norway whose Parliament on June 19 passed a resolution making both the army and

station and the navy yards. This feature appealed strongly to Secretary Daniels, who believed that many young officers could trace their downfall to over indulgence in punch at these social functions.

BARLEYCORN GOES OVERBOARD TODAY

Daniels' Order in Effect Tonight, Consigns Booze to Davy Jones.

WASHINGTON, June 26.—Afloat and ashore, today sees the last of the wine mess in the United States Navy. Secretary Daniels' order in effect tonight, ordered that any officer found in possession of alcoholic liquor on board ship or at any naval station, is guilty of misconduct.

There is only one exception, made in the case of the ship's surgeon who may keep a limited supply of spirits on hand for medical use only. But admiral and captain is as guilty as the seaman if he keeps a stock of wines or liquors for his own consumption or the refreshment of his guests.

The naval hostess, too, after tonight must give up the punch-bowl as a matter for her guests if the scene of the entertainment be within the naval jurisdiction, as at the Naval Academy, the naval station and the navy yards. This feature appealed strongly to Secretary Daniels, who believed that many young officers could trace their downfall to over indulgence in punch at these social functions.

At midnight tonight the naval regulations which have heretofore allowed warship officers to entertain a wine mess or club for the purchasing and use of wines, will be stricken out, and these stern words will be substituted.

ORDER IS RIGID.
"The use of intoxication for drinking purposes of alcoholic liquors on board any naval vessel, or within any navy yard or station, is strictly prohibited, and commanding officers will be held responsible for the enforcement of this order."

Since announcing this change some time ago Secretary Daniels has encouraged expressions of opinions of his actions, but the adverse comment from some officers who held it to be an infringement of their personal liberties, did not go far toward leading the Secretary from his firm stand in the matter.

The only possibility of modification is said to be special dispensation which may be granted during the exchange of international courtesies, or on such an occasion as the gathering of ships of all nations at the opening of the Panama Canal.

The only nation thus far to follow the example set by the United States is Norway whose Parliament on June 19 passed a resolution making both the army and

station and the navy yards. This feature appealed strongly to Secretary Daniels, who believed that many young officers could trace their downfall to over indulgence in punch at these social functions.

OAKLAND HAS SMALLEST TEAM FOUR-FOOT BASEBALL GIANTS

Milwaukee boasts the tallest baseball team in the world; Oakland the smallest. This is the now famous "Four foot baseball team" of Ray Scott, University of California athlete and instructor in the Oakland playground department. Scott has organized a full team of boys, all under the height of 4½ feet. He has "pitcher" who has pulled their team out of many a hole; he has batters that average as high, if not higher, than coast leaguers—and the team is willing to meet any aggregation twice its size.

Ray Hahn is the diminutive pitcher that the team can't get hit from. He's small—but they swing like a gate at his offerings. Ed Kelvie is the catcher. He's even smaller than the pitcher, but that doesn't hurt his baseball playing.

Other members of the team include Ed Kelvie, Joe Tehaney, Clifford Wassinger, Ray Hahn, Wesley Kelly, Willie Demille, Alfred Gomes, John Rose, Rob Tepers, Andrew Divicchio, Ernie Caton and Victor Hahn. The team is now ready for contests.

HERE'S OAKLAND'S "FOUR-FOOT BASEBALL TEAM." THE PITCHER IS RAY HAHN, THE CATCHER ED KELVIE. TOP ROW, LEFT TO RIGHT, ALFRED GOMES, JOHN ROSE, ROB TEPEERS, ANDREW DIVICCHIO, ERNIE CATON AND VICTOR HAHN. BOTTOM ROW, LEFT TO RIGHT, JOE TEHANEY, CLIFFORD WASSINGER, RAY HAHN, WESLEY KELLEY AND WILLIE DEMILLE.

TULLY-POST 'OMAR' VIVID

Author and Play Acclaimed by Discriminating Oaklanders

Persian romance, accidentalized in the crucible of Edward Fitzgerald's poetry, and cast into gorgeous drama by Richard Walton Tully, who is claimed and acclaimed by Oakland and the University of California, was placed upon the stage last night before a large audience of Oakland playgoers at the Macdonough theater under the title of "Omar, the Tentmaker." It proved one of the biggest nights in the annals of the local theater.

"Omar, the Tentmaker," is a re-visualization in dramatic form of the story intimated in the famous "Rubaiyat," and made clearer by reference to the known facts of the great Persian poet's life. More than oriental in its splendor, more romantic in the western sense of the word than the Sufi could have been, the play, by its very exaggeration, becomes an art work of no mean value. Cities and waves and trees like those painted by Maxfield Parrish may not have been seen of men. They are a vision of the poet's creative mind. But the man who does not transmit the brightness of sunset into the gold of the imagination may give thanks that a Parrish can do it for him. So with the devotees of Omar Khayyam. The famous quatrains have been told over and over again until they have become almost a commonplace. It was left for Tully to give them new life in a drama that is set with the poetic gems of the Persian poet as done into English by Fitzgerald, making them the signs and ornaments in the garments of living characters who walk upon their reality, and enlivened by their reality.

IMAGINATION PLUS ART. The performance last night was a series of wonderful pictures, staged without care as to expense, staged in a manner that shows that Tully was permitted to give free rein to his imagination yoked with his studies of things Persian. Light and color, sets and waves and trees like those painted by Maxfield Parrish, a series of dream-like visions, flash behind the magic frame formed by the proscenium arch.

Yet "Omar, the Tentmaker," is more than a mere series of gorgeous oriental pictures. It is a modern capitalization of the popularity of Fitzgerald's "Omar." Tully has brought to it a dramatic talent which has been heightened by careful study and work and matured by experience gained in writing "The Rose and the Ransom" and "The Bird of Paradise." Tully has had the spell of Omar descend upon him, and he has created a consistent and convincing character.

ter, and has placed the character in dramatic situations which arise naturally and which are resolved naturally and logically. A convincing, dramatic story, covering, in prologue, play proper and epilogue, the life of the poet from early manhood to old age, from the time when Omar did eagerly frequent doctor and saint, but spent some time with the wine and with an occasional Saki, to the end in which a friend turns down an empty glass.

CAST IS NOTABLE. Not the least part of the pleasure in this production is due to the splendid cast gathered to interpret the poetic drama. Guy Bates Post vivifies the poet-philosopher and makes him real to an Oakland audience of today. The centuries slip away as Post intones the fluid quatrains in the Persian garden, and the audience is lost to the present and swings backward into a past age and a foreign clime. Post's Omar is a dramatic creation that will live long in memory.

While much of the acting falls upon the shoulders of Post himself, especially at moments in the drama such as the mechanical visualization of "I sent my soul through the invisible, some letter of the After Life to spell," and the dialogue of the jars and the potter, where only the highest art can strip the mechanism of its disillusioned effect, the rest of the cast met the many and varied requirements with the greatest aptitude. Jane Salisbury is a satisfactory maiden and well metamorphosed into the mother in the later part of the drama. Hunter Booth deserves mention for his portrayal of Mahruzz.

It was a sort of home-coming night for Playwright Richard Tully, and many of the Oaklanders attending, a coterie almost as large as the local Omar cult, were there in numbers and enthusiastic witness. The love feast started when Guy Bates Post, after repeated curtain calls, voiced his gratitude and then turned the stage over to Tully.

The author was greeted by a "Hello, Dick," which had a campus ring, and Dick became somewhat more at ease. He told his home-town friends that it was "good to be here," which was what he was expected to say, although President Wheeler was not in the audience last night. There were other expressions of thanks by Tully, which ended the love feast started when Guy Bates Post, after repeated curtain calls, voiced his gratitude and then turned the stage over to Tully.

HOLD CHRISTIAN SCIENCE LECTURES

Bicknell Young of Chicago and Francis J. Fluno Address Large Audiences.

Two large audiences gathered last evening, one in Elmhurst and the other in Claremont, to listen to well-known lecturers on Christian Science, sent out by the First Church of Christ, Scientist, in Boston, at the Grand Theater on East Fourteenth street and Nineteenth avenue. Francis J. Fluno of Oakland was the speaker. He was introduced by Mrs. Anna Olsen, and said in part: "Christian Science, ever loving, ever gentle and ever kind, will never take away one single thing that you hold dear, without returning more than it took away and that which you hold dear, better. Christian Science turns the searchlight on animal magnetism, mesmerism, hypnotism and mental suggestion, and shows them to be dealing entirely with the mortal or finite mind, so-called, which is but the negative of the divine Mind, or Mind of God, and has no more existence, compared with the divine Mind, than darkness has compared with light. Under the auspices of Sixth Church of Christ, Scientist, in the Claremont Photo Theater, Frank B. Norris, first reader of Sixth church, introduced the lecturer, and whatever may be thought of Christian Science, from the standpoint of religion, it has the unquestionable advantage of being rational and scientific, and shows unmistakably that a human being, stored, and that it is the proper business of both science and religion to heal the human mind, and to show man from his state so unmistakably that the healing and the redemption shall appear."

MEETS HUBBY AND CAUSES ARREST

A. F. Flynt, Mine Owner of Mexico, Held on Abandonment Charge.

SAN FRANCISCO, June 30.—When Arthur Forrest Flynt, a wealthy mine owner of Mexico, arrived on the steamer City of Peru this morning, he was met by his wife and Detective Sergeant Gallagher, charged with abandonment. Flynt was taken to the Hall of Justice, where he immediately put up \$100 cash bail for his release. He explained that his wife had separated from him ten years ago and that she had not attempted to see him until a short time ago, she visited him in Tepic and that he had ordered her to leave. He did not get a divorce from her in consideration of my daughter and son-in-law with whom I lived, said Flynt. Flynt was forced to leave Mexico on account of strained relations between himself and the authorities. He created a mine which employed 800 men, and the situation became so tense that he was forced to leave. He was not aware of his wife's intention to cause his arrest until he arrived to day. He will probably fight the case.

PASTOR RAPS GRAB BAG AS GAMING

Fish Pond and "Postoffice" Social Also Scored Before Adventists.

That no Christian can attend the card game, billiard room, ballroom, theater or moving picture show, and maintain his Christianity, was the statement of Elder Charles E. Ford, pastor of the Oakland church, in a sermon yesterday afternoon at the Pacific Union conference of Seventh Day Adventists in the big tent at the camp ground, Thirty-seventh avenue and Foothill Boulevard. "The best place for sinners is outside the church," he added, "and closed socials, fish ponds and 'postoffice' socials with gambling."

"You don't have to be a horse-thief or a murderer to be a sinner," he said. "There will be no provision up there for sinning every day."

Elder Mendie Maguire, young people's secretary of North America told the youth late yesterday afternoon that exciting novels and love stories are "not the sort of reading which makes bread." "Destroy the taste for Bible reading," he said. "That is why we have established reading courses of good books for our youth. One thousand took the reading course last year." The dangers of cigarettes and machine music were spoken of in the morning session.

PREDICTS GREAT WAR. Armageddon, a terrible war involving every nation in the world, is soon to burst in all its fury, in the belief of Elder E. E. Andrews, president of the Pacific Union Conference of Seventh Day Adventists. In a sermon in the big tent at the camp ground, Thirty-seventh avenue and Foothill Boulevard, last night, he said heavy armaments, large standing armies, death-dealing dreadnoughts and the heavy war debts are a certain sign of an approaching world war.

Under peace congresses, mediators, courts and the popular press, the coming disarmament, with mighty war preparations being made in the meantime, were foretold by God's prophet many centuries ago," he said. "The present hush forebodes the coming storm, the battle of that great day of God Almighty, which himself will return to earth in the clouds while the nations are engaged in that conflict. The angels of the millennium in heaven, the greatness of the kingdom under the whole heaven shall be given to the people of the saints of the Most High."

Why Shouldn't the Republicans Win?

Why shouldn't the Republican party win? It was born when the nation was in distress, when its integrity as a government was threatened from within. Under the regime of Buchanan the immortal expression of Old Hickory: "The Federal Union, It Must and Shall Be Preserved!" had been relegated and the young republic of the Fathers, born with the signing of the Declaration, July 4, 1776, cemented by the Articles of Confederation in 1777 and still further cemented by the adoption of the Constitution one year later, was tottering. The ability of a people to govern themselves was questioned and a great civil war was imminent.

Infinity infused His spirit in the hearts of American citizenship and the Republican party came into being. Omnipotence saw that it was good and laid His hand upon the head of a humble man born in Kentucky and reared in Illinois and said to him as he did to Moses of old:

I have surely seen the affliction of My people * * * for I know their sorrows. * * * and I will bring you

stretched-out arm and with great judgments.

And during four long years of strife that Omnipotence guided the hand and the brain of Abraham Lincoln and raised up for him mighty men who with their swords carved out victory which in the end resulted in the cementing of the sisterhood of the states in a bond of blood, never again to know division.

Lincoln sank to his rest at the hands of an insane fanatic, but the Great One who had raised him to power took not his work. With the end of the strife came the reconstruction and while a million curs barked at the heels of those who labored to bring the once recalcitrant states back into the circle, and laid all obstacles possible in the path of peace, the results were happily accomplished, and the forty-eight stars in the constellation of the flag are an ever-living testimonial to the efforts of the Republican party in stilling the note of discord, hushing the harsh clangor of dissension and bidding in their places ring the sweet chiming of content.

The end of the war found industry paralyzed and the mills silent. No longer did the wheels of manufacturing turn, no longer were the shuttles crossing the looms, no longer were the spindles whirling. Foreigners were reaping the harvest that home industry should have garnered. The protective tariff was evolved and under its benign effect the stacks that were smokeless poured their sooty clouds into the air, the hands that were idle became busy, the mouths that were hungry were fed. The dinner pail was full, until in a moment of abstraction the people of America forgot the organization that had made their fortunes and a change took place. Who among us forgets the panic of 1855 when the very sails on the ocean drooped, when the shops were silent, when the clang of the hammer on the anvil was no longer heard, when the great furnaces grew cold, when industry lay fettered?

A great President tried to remedy conditions but failed, and a new apostle arose with a panacea for all the evils to which the flesh is heir by suggesting that the crown of thorns could not be pressed down upon the brow of labor if silver tips were placed on the points; that the cross of gold upon which man was being crucified would be less painful if alloyed by a mixture of sixteen parts to one. It was an insane idea, yet so desperate had conditions become that millions followed this disciple of a new dispensation and for a time it looked as if the policy advocated might win. But the Republican party—the party that has always stood for the safety of the American people as well as their material prosperity, arose and declared that this bastard system of currency should not be forced on the public, and through the martyred McKinley said it was better to open the mills to industry than the mints to a depreciated metal, and wise counsel prevailed and as a result the country knew a degree of prosperity never before approached in its history.

Another change has taken place and now, with a crop unparalleled in history, industry is lamely groping to know what it shall do. There seems to be but one safe course to pursue for the benefit of all and that is to return to the faith of Lincoln and Grant, of Garfield and McKinley and thus assure the great millions the full measure of success to which they are entitled.

Queues Have Mostly Fallen.

Reports from China are to the effect that the export trade in human hair is about at an end and combers are going out of business. It appears from figures submitted that following the edict demanding that Chinese loyal to the plan for the establishment of a republic have their queues amputated, there was a great business movement in hair and that in one year more than five million pounds were sent out. But recently this amount has fallen off and in 1913 the total was only 2,472,833 pounds.

This drop in quantity is said to have been the result of a falling off in supply. It is related that most of the male Chinese have parted with their "pig tails" and there are none left for export, although some dealers have stocks in storage, holding for a rise.

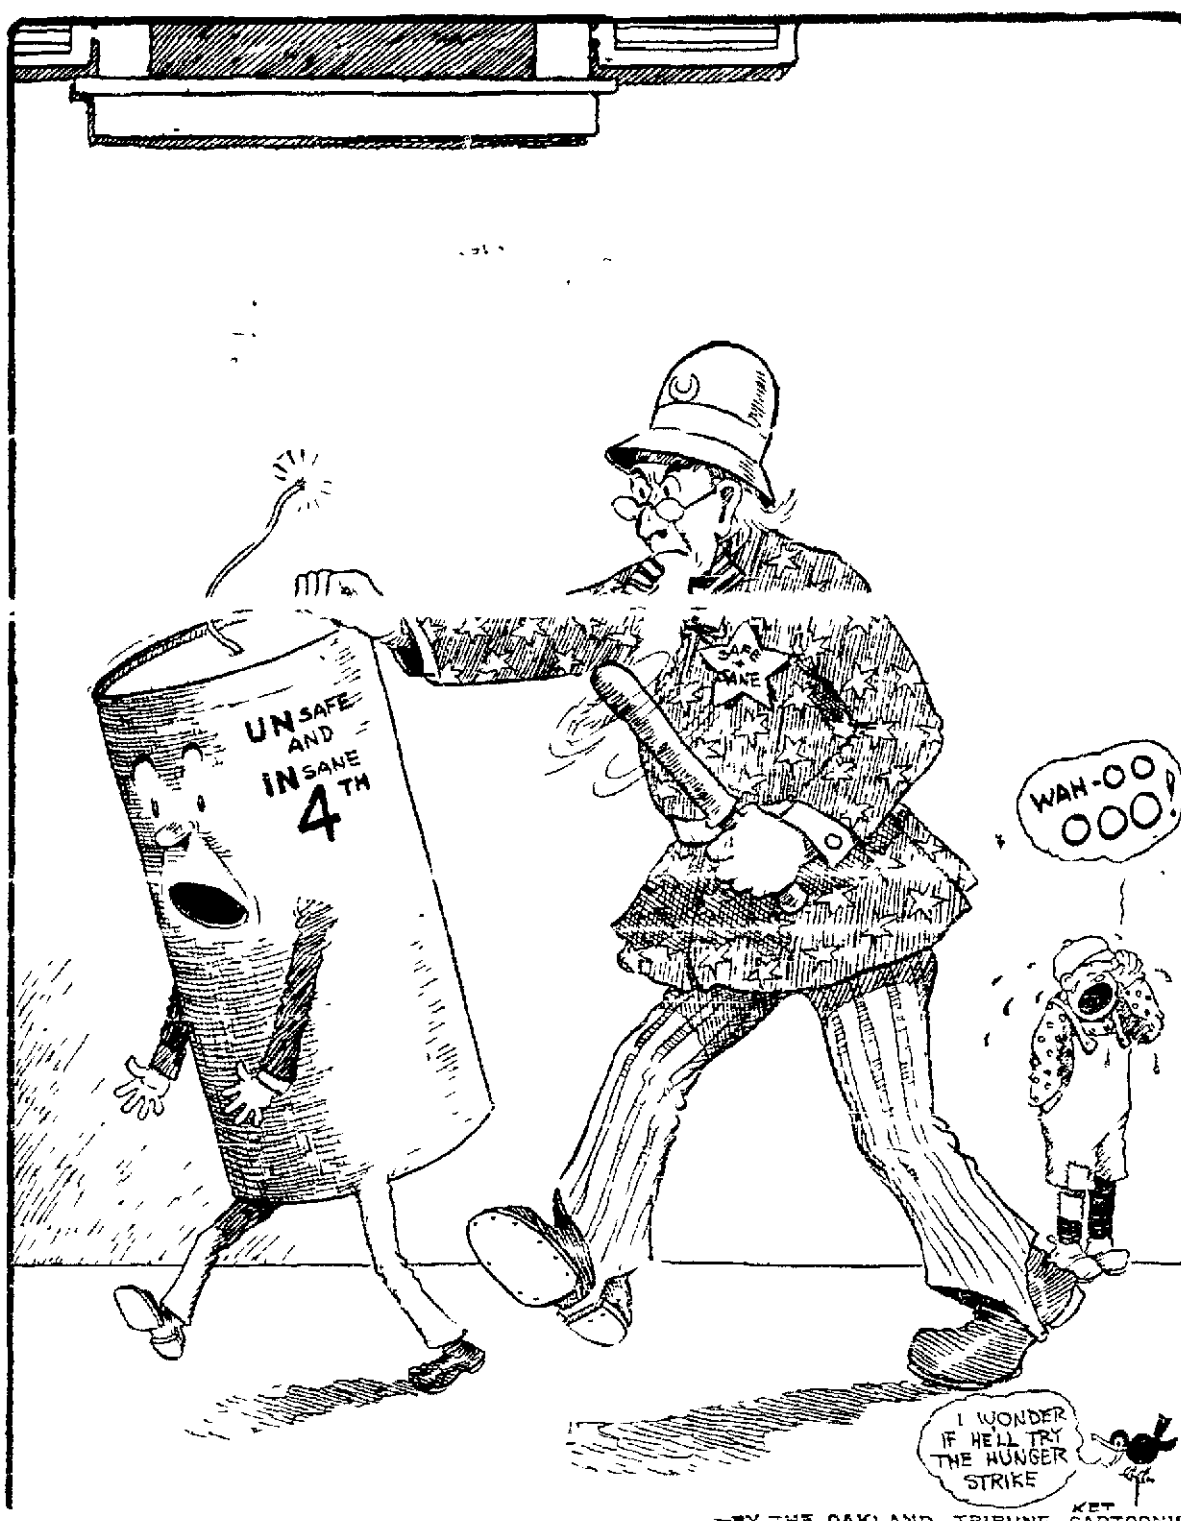

Prospects for trade this year are said to be poor and trade conditions in this line unsatisfactory. However, China as an entirety gained considerable revenue, for the total sales are estimated as having netted the exporters approximately \$20,000,000, so that if properly conducted, even the shearing of a nation may be counted as a financial gain.

The Fresno Herald has changed hands, N. J. Levinson, who took the paper when its fortunes were none of the brightest, retiring in favor of M. J. Beaumont, formerly of the Richmond Daily Independent, who will be business manager, and J. V. Van Eaton, news editor of the Sacramento Union, who will be editor. During Mr. Levinson's regime he has put the Herald on a sure footing and the new owners will find little difficulty in making the enterprise a success.

Crowned heads have their sorrows as well as their uneasiness. Old Franz Josef, emperor of Austria, who was deprived of his heir apparent, who was shot down with his consort Sunday, also lost his beloved wife at the hands of an anarchist who stabbed him many years ago. Well might this aged monarch exclaim on learning the sad news: "Nothing is sacred."

It is supposed the recent warm spell is due to the starting of the melting of the political pot.

More Initiative Amendments.

More initiative amendments to the Constitution are being prepared, and by the time the ballot is ready for submission to the people at the general election the ticket to be voted will be as big as a blanket. The Royal Arch has entered the field with a proposition to make the State "wet" for a term of eight years, and it is related by the promoters that enough signatures will be obtained in time for its submission.

Under this plan should a town elect to become "wet" it would be such for eight years and the reverse is true. The promoters declare, however, that even if a town or supervisorial district should vote "wet" the city council might refuse to grant license and that under the last sub-division the police powers of cities, towns and supervisorial districts are by no means abrogated. But it is not believed the proposition will carry, nor should it, because it would abolish the local option rule that has proven so acceptable to many localities. Further, we believe that the circulation of this petition and the placing of the plan before the people will prove a boomerang for the "wets."

The original question is a straight out-and-out proposition as to whether the State shall be prohibition or otherwise. If the anti-prohibition elements win the provisions of the local option law will be retained as they are at present. But this petition confuses the issue and creates a doubt, hence many who might vote against State-wide prohibition will prefer to take no chance on their home rule of the liquor business and will cast a ballot in favor of the plan to make all California "dry." The liquor men have confused the issue and stand in a position to lose heavily by their action.

Another amendment for which petitions are being circulated is a plan to give bonds of irrigation districts State backing, the scheme including the depositing of these irrigation bonds with the State Treasurer, who is bound to issue State bonds in their place at par. The petition originated in the irrigation sections of the San Joaquin valley, but thus far details sufficient to enable one to intelligently comment on the idea are too limited.

There is another amendment providing that drugless healing may be practiced which is being largely signed in the populous centers.

And still there is time for more. All the promoter of a pet idea needs is a printed form and an indelible pencil and the people will do the rest. Almost anyone will sign a petition, no matter what it is. It looks at this time as if the voters will have no less than one hundred propositions upon which to vote next November, in addition to selecting candidates on the Senatorial, Congressional, State and County tickets. And with the exception of a few of the leading propositions, few men or women will take the trouble to pass on them, the result being a lot of minority laws and amendments which will doubtless rise to plague the State at some time in the future.

The recent hot spell which is said to have affected the wheat crop of Kansas and Missouri does not seem to have wilted any part of the crop of candidates.

Nat Goodwin recently celebrated the first anniversary of his wedding with his last wife. But it is safe to assume the last anniversary with his first wife will go unrecorded.

Twenty Years Ago Today

Of the many hearts made sad by the strike there is none over which a greater gloom has been cast than that of Judge Nushamer of the city. As is well known the judge is a great old man, and for long past has been promising himself a big time with the funny tribe. The hour seemed to be ripe for the great event yesterday, so the judge, after purchasing a ticket on north and Pullman privileges for the trip, had to his home and garbed himself in the wondrous habiliments with which he astonishes the natives when on his jaunting tours. Five anxious minutes passed at the depot and still the train came not. Then the judge went to the station agent to investigate and the blow fell in all its might and main. When the truth dawned upon the judge he gave a low wail of despair and prepared to return home again. Today the judge is suffering from acute nervous depression and an insatiable thirst that may yet end seriously.

EXPLAINS PROTEST IN BEAR FLAG EPISODE

Mrs. Cutter Characterizes Pageantry as Historical Untruth; Gives Grounds for Opposing Monument

Interest in the Bear flag monument bill was intensified by the episode still bright in the public mind. Mrs. Cutter, the pageant arranged by Perry Newberry and given at Carmel. A pageant supposedly representative of the early history of the state and through which the original settlers and big land owners, the Spanish dons and their retainers, passed in glittering array, followed by scenes of the "gringos" occupancy and the stirring events of that time.

The second episode dealt largely with the first, and consisted of an efficacious and vigorous protest at the hands of Mrs. T. H. Cutter daughter of the late Governor John S. Fremont.

Mrs. Cutter, however, carried her protest still further than to Carmel in regard to the Bear flag affair. She addressed a letter to the governor of this state, in which she endeavored to dissuade him from signing the Bear flag monument bill.

In a letter to THE TRIBUNE Mrs. Cutter says:

"Learning from my husband of your recent inquiries regarding the genuineness of the alleged historical truths embodied in correspondence published in the San Francisco Examiner of the 22d inst. I enclose herewith two documents, a copy of my letter to Governor Johnston and a copy of my father's convention speech as a sample of his Americanism, and which will ever be an eloquent rebuke to the outrage he suffered at the hands of the 'Bear flag' ruffians.

"You will please note from the text of my letter to the governor that it was intended to dissuade him from signing the 'Bear flag' monument bill. If you find it available now, while public interest is keen on matters pertaining to the 'Bear flag' revolt, I would prefer that it be published in that connection, that is, in reference to the monument just unveiled, and under the heading: 'Children of General Vallejo Protest Against Dedication of Bear Flag Monument.'

HISTORICAL UNTRUTHS.

"If my letter to the governor were published in connection with the Newberry correspondence and 'Bear flag' pageant, while it would be extremely proper, it might, however, somewhat, the two issues. Our protest against the monument, and our protest against the pageant. (The latter, by the way, contains several flagrant historical untruths which I will mention briefly in a postscript.) On the other hand, if my letter to the governor were published in connection with the Newberry pageant, although I am inclined to think that my last letter to Mr. Newberry, a copy of which you received, about terminates (for the present) the controversy.

HISTORY REFUTES CLAIM.

"Several flagrant misrepresentations in the alleged historical pageant recently shown at Santa Cruz may be referred to as follows:

"Fremont rebuked and deposed the 'Bear flag' governor and released the Spanish prisoners with apologies. (Article in Examiner of 24th.)

"All historical facts show General Vallejo and the other prisoners, on arriving at Fremont's camp, appealed to him for protection and release, confident of getting it, and how Fremont gave him the cold shoulder and allowed the 'Bears' to thrust them into a prison at Sutter's fort. They also described how, during their imprisonment, the Spanish prisoners appealed to Fremont for release and how he ignored that appeal! Fremont never did release them. It was Commodore Stockton who ordered their release.

"It was Lieutenant Revere, carrying out Commodore Stockton's orders, who caused the Bear flag to be lowered and the Stars and Stripes raised, thus terminating the 'rule' of the 'Bears'.

"Fremont is made out a hero by portraying him as doing the very things he ought to have done and which he did not do!

FREMONT IGNORED APPEAL.

"Quoting Bancroft on above points: 'Page 298: In August, also the Sonoma prisoners were released, as they ought to have been long before. They had appealed to Fremont when Stockton's proclamation and the United States flag had arrived, but not the slightest attention was paid to their appeal.'

"In July a letter of inquiry about them came from Larkin, and Montgomery interested himself in their behalf. In the fall of 1846, the Larkin and Stockton, but before the letters were received, on July 27, the Commodore (not Fremont!) 'disappeared.'

Vallejo and his brother-in-law, followed in a few days by a similar order in behalf of the other captives.

"Vallejo and his brother-in-law were discharged on or about the 1st of August, the former in very feeble health. Returning to their homes they found that cattle, horses and other personal property had for the most part disappeared."

LETTER TO GOVERNOR.

The full text of Mrs. Cutter's letter to Governor Johnston at San Francisco, dated May 15, is of more than passing interest to students of history, and is as follows:

"Hon. Hiram W. Johnston, Governor of the State of California, Sacramento, Cal. Sir: I understand the State Bill, appropriating \$5000 for the erection of a monument on the Sonoma city plaza to commemorate the raising of the Bear flag there, having passed the Senate and Assembly, now awaits the signature of your Excellency to become a law.

"In the course of the struggle in connection with the Bear flag episode in the history of the State, generally termed the 'Bear Flag Revolt,' and which is a blot upon the escutcheon of California, I most respectfully protest against this outrageous insult to the memory of him, my father, who gave of his life for the State, and who was directly for public use the very ground upon which the proposed monument is to be erected; and in justice to his well known influential attitude favoring the coming change of sovereignty to that of the United States, I most respectfully urge that you withhold giving effect to this ill-considered bill.

"I will not attempt at this time to enter into a detailed argument of the inside facts of the history of those days, but submit the following for your consideration:

"At that period of California's affairs, before the conquest by the American forces under command of Commodore Stockton, it was well known that General Vallejo, was exercising his influence on behalf of American sovereignty, which act has been particularly attested by his own words, and by the following statement:

TRANSCONTINENTAL PATRIOTISM.

"Many an American pioneer had profited by his lavish hospitality, accepting from him gifts in lands, horses, cattle and money. His love for his native province (soon to become a State), his attitude for its future, his belief and foresight that it was destined to flourish best beneath the Stars and Stripes, and his devotion to the cause of the United States, were such that he transcended any mere loyalty to government.

"As the central government of Mexico had refused to provide him with arms and military resources to resist the invasion, his comparatively few remaining soldiers had long since been disbanded, he had had to maintain these at his own expense, and in anticipation of the annexation of California to the United States, he was waiting patiently for the expected and desired day when without warning or the slightest provocation, the 'Bear flag' band made their cowardly attack.

"Their quarrel was with General Castro, (if with any one), but since the latter was under arms, they chose to attack General Vallejo, the very last man in the province whom they could attack without having been taken.

MOTIVES WERE DISGRACEFUL.

"The 'Bears' did nothing to entitle them to admiration or praise, on the contrary, their motives were disgraceful. Realizing the outlawry they were committing, they were as an American history state, on the point of degrading a man, to him, conveyed so revolting a significance.

"The 'Bears' were not only disgraced, but they were also disgraced by their own action. He had exerted himself in favor of American sovereignty. He had generously befriended the American pioneers, and he had been so well known to the American people as to be welcomed with as desirable colonists.

"Assuredly it stands to reason that in view of these facts, which were so well known, the leading Americans of the day, the action of the 'Bears' was a very strange demonstration of American 'gratitude.'

"But my father rightly refused to recognize those ruffians as true Americans, nor were they. In the present day Mexican revolution, there has been more than one instance of Americans and how he exerted his powerful influence on behalf of American sovereignty. His generosity and hospitality was so lavish that Americans and Mexicans have done well upon it.

"It is a mistaken and erroneous conception of California history that is accepted by the fact that the 'Bear flag' is the emblem of American sovereignty. At most, an irresponsible band of cowards who, fleeing from an imagined persecution, attacked and outraged the American pioneers' 'conspicuous' and aggressive champion.

"What has become of the sentiments of gratitude and justice, of common sense, that the Native Sons should raise a monument, not to him who was characterized by one historian as 'the greatest of all the Hispano-Californians by virtue of his illustrious character and nobility of character, but to whose ruffians who, by their act, because the human embodiment of stupidity, irresponsibility and outlawry, whose conduct should be remembered with shame, not with pride, since their wild action was an affront not only to the men against whom it was so cowardly directed but to the American cause which he, General Vallejo, so unselfishly and devotedly represented?

"That the revolt was unjustifiable, uncalled for, and not productive of good results is not by any means all that is looking for the relief of pain. Whatever treatment may be employed, two things must be borne in mind—the patient must be kept as free from pain as possible and be kept as quiet as possible. One or two Anti-Kamnia Tablets should be given every two or three hours, and the patient must be kept as quiet as possible in the meantime.

WOMAN WEAK AND NERVOUS

Finds Health in Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I suffered with female troubles from the time I came into womanhood until I had taken Lydia E. Pinkham's Vegetable Compound. I would have paid if I overworked or lifted anything heavy, and I would be so weak and nervous and in so much misery that I would be prostrated. A friend told me what your medicine had done for her and I tried it. It made me strong and healthy and our home is now happy with a baby boy. I am very glad that I took Lydia E. Pinkham's Vegetable Compound and do all I can to recommend it."—Mrs. A. B. BOSCAM, 504 E. Howard Street, Creston, Iowa.

Tons of Roots and Herbs

are used annually in the manufacture of Lydia E. Pinkham's Vegetable Compound, which is known from ocean to ocean as the standard remedy for female ills.

For forty years this famous root and herb medicine has been pre-eminently successful in controlling the diseases of women. Merit alone could have stood this test of time.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound is the best medicine for women, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

ANTI-KAMNIA TABLETS STOP The Pains of Sciatica

Dr. E. C. Underwood says that there is no expression of neuralgia which is more distressing than that known as Sciatica. The cause of this condition is usually exposure to cold and dampness. One of the most common causes is rheumatism; indeed this is so often the cause that some writers include sciatica among the varieties of rheumatism.

The treatment includes remedies to counteract the cause of the disease, as well as the relief of the pain. Whatever treatment may be employed, two things must be borne in mind—the patient must be kept as free from pain as possible and be kept as quiet as possible. One or two Anti-Kamnia Tablets should be given every two or three hours, and the patient must be kept as quiet as possible in the meantime.

Anti-Kamnia Tablets may be obtained at all drug stores, or by mail, for 10c worth or more. Ask for A-K Tablets.

In Henderson, Nebr., and all parts, give prompt relief.

MISS GEORGE MEININGER whose engagement to George Meininger of Hayward has been announced.

The Cultivation of Beauty

(By Lillian Russell)

There are persons, even in these progressive and advanced days, who look upon it as little less than blasphemy to talk of improving, or say nothing of perfecting, the human race, man and woman. "The noblest work of God, and made in His image!"

We are zealously engaged, through the instrumentalities of science and religion, in developing and molding the intellect and the affections. But these in the present

materialist tendencies through the physical organization, and while this is definite their action must be directed and their manifestation improved.

It is only through a healthy and shapely body that a sound and harmoniously developed mind can operate with perfect freedom and efficiency. It is also true that the natural action of the symmetrical developed mind tends to the refinement of the physical organization.

In the physical organization, and in bringing external influences to bear upon the latter, for its improvement, we must second the efforts of the inner intelligence.

We find man at the present day weak, diseased, if not absolutely ugly, at least far below our ideal of beauty, both in face and form. It is certainly time to exercise the same principles and rules adopted for the improvement of the lower animals. We all want to be physically perfect. Who does not want to be healthy, strong, graceful and beautiful? And who can desire other inducements to give his or her attention to any one who shall honestly and earnestly essay to instruct him or her in reference to the means of obtaining them?

There are still prudes who think that the human form must never be mentioned except in the conventional language of the tailor or dressmaker.

Remember: As the tulip can be striped to one liking and the rose impart the hue we fancy, so can the human form be changed to suit our taste and grace the cheek tinged with nature's own coloring.

If you cannot wear your hair high choose a low headpiece. I am sorry I cannot give you advice on the article you mention. This is a preliminary article and I cannot give information or advice on articles on the market. I cannot give you the name of a cream or lotion for your face, but if you will send me a stamped, addressed envelope I shall be glad to send you formula for an excellent cold cream. This may be prepared at home or any druggist will prepare it for you.

MISS A. N.—Anything that you could use to enlarge the pupils of the eyes and make them look larger would be helpful. If you will send me a stamped, self-addressed envelope, asking for them again, I will be glad to mail you the various remedies you ask for.

RESCUER OF CAT AT SEA IS A BRIDE. DAUGHTER IS CUT OFF WITH \$1000

SAN FRANCISCO, June 29.—A romance that began while she was on the stage terminated yesterday when Magistrate Creighton united in marriage Mrs. Lella Le Veque Sylvester, 1242 Sutter street, and George Robertson McLean, real estate broker of Fresno.

Mrs. Sylvester met Mr. McLean two years ago while she was following the theatrical profession, but a trip shortly afterward to visit her parents at Fresno, near the steamer Port Bragg, and on route Mrs. Sylvester adopted as her profession a dramatic career.

Several days out of San Francisco the vessel was overtaken by a storm which almost overwhelmed the steamer. Mrs. Sylvester arose from her berth to the accompaniment of the crashing of heavy seas on the Port Bragg's deck. As Mrs. Sylvester was about to leave her stateroom her attention was drawn to the cat, and she stopped to rescue it. Had she delayed a minute longer a heavy sea which boarded the vessel would have swept her from the deck.

From her stateroom, the cat since has been the constant companion of Mrs. Sylvester.

HOBSON'S NIECE AND CHAFFEE'S NEPHEW WED. LOS ANGELES, June 29.—An alliance between two famous Army and Navy families was formed at "Carmel" last Thursday in the marriage of Miss Margaret Hobson, niece of R. B. Hobson of Meritts fame, and George Chaffee, nephew of General Adna R. Chaffee, U. S. A., retired.

Mr. Chaffee, the son of a prominent family, after the wedding ceremony, jumped out of a window into the arms of his bride, and they ran through the orange trees to a waiting motor car and escaped.

She is a successful writer of prose and poetry. Her poems have appeared in a number of newspapers and magazines. Mrs. Elizabeth Grant, for an allowance of the Ralphs Grocery Company.

JESSE R. GRANT ANSWERS DIVORCE SUIT OF WIFE. NEW YORK, June 29.—Jesse R. Grant, son of the late President Thomas S. Grant, filed an answer in the Supreme court yesterday to the suit of his wife, Mrs. Elizabeth Grant, for an allowance of the Ralphs Grocery Company.

and she wrote a book with the striking title, "The Beautiful Hand of the Devil." Albers is also a writer. He has confined his efforts to scientific subjects.

"ESCAPADES OF A BOY." SAYS MILLIONAIRE FATHER. SAN FRANCISCO, June 29.—Colonel Charles Chaffee, the millionaire automobile man, admitted last night the story of his son's attachment to Mrs. Elsie Newmeyer, which was published yesterday in the "Herald."

Mrs. Newmeyer was prevented from meeting the Colonel's son in San Francisco, and she is now in the city.

"My son's relations with this woman can be summed up in the statement that they represented the escapades of a boy, and they are not entitled to any more serious consideration," said Colonel Chaffee.

SOCIETY WOMEN MAKE POOR MOTHERS, CHARGE. SAN FRANCISCO, June 29.—According to society women, the mother of a child is a poor mother, and the real cause of infant mortality.

These women were speaking at a meeting of the American Institute of Homoeopathy in convention here, declared they were poor mothers, and the real cause of infant mortality.

for her support from two trust funds from which her husband has an income of \$499 a year.

Grant alleged that a house in San Diego, Cal., which produces an income of \$100 a month, and which Mrs. Grant says is the only source of her income, was until he divided it to his wife on May 1, 1914, and that his wife has an income of \$2100 a year in addition to the rent from the house.

"I have been at all times ready and willing to support the plaintiff," says Grant, "but she abandoned me without cause. I now offer to support and maintain her in a manner commensurate with her position."

HOBART AND BRIDE TO JOURNEY INTO DESERT. SAN FRANCISCO, June 29.—According to his bride, Walter S. Hobart, this morning started from Hillsborough on an automobile trip which will carry him more than 500 miles into the heart of the Nevada desert. Hobart expects to establish a continuous-run mileage record.

The couple will travel in a high-power machine. Every convenience in equipment is necessary to be included in the outfit.

WEALTHY MAN LEAVES DAUGHTER \$1000 ONLY. LOS ANGELES, June 29.—Cutting off his daughter, Mrs. Maudie White, wife of G. Earl White, with a bequest of \$1000, the will of George Albert Ralphs, the wealthy grocer, who was accidentally killed June 21, was filed yesterday for probate.

The value of the estate is \$500,000. The widow, Mrs. Maudie Ralphs, a son, Albert, 17 years old, and a daughter, Annabelle, 11 years old, are the beneficiaries. The son, receiving the bulk of the estate, is the capital stock of the Ralphs Grocery Company.

LETTERS from friends abroad are interestingly different. Prints of Mrs. are so varied and the letters reveal them. There are the earnest travelers who write condensed Baedekers for every mail, tell the number of miles of old masters in galleries and the population of Venice. Frivolous friends who haunt the Rue de la Paix and the Rue de Rivoli and write reams about fascinating shops and boulevard cafes that are really more interesting than important statistics for some reprehensible human reason. It shouldn't be a bore to be edited and enlightened, but so often it is.

At a tea last winter the most interesting guest was a charming and frankly superficial person who had spent a year in Europe and not more than half an hour in the Louvre, she said. But she told a lot of interesting things about life and people abroad that one doesn't find in books of travel and that Baedeker largely ignores. For example, the music in wells in London cafes, that seemed especially interesting, and no one had remarked it before. In the big cafes where London dines on fete the music rises through a well sunk in the dining room floor. At the bottom, of course, is the orchestra, playing with quite as much zeal as the stars of the concert hall. The music is wonderfully softened, but still pervading.

There was one story of a supper party at the Cecil, where, in the season, it is necessary to engage tables long ahead. The California woman was going to the theater with American friends and they suggested supper afterward at the Cecil. Of course she told them one must engage a table, so they went and rather elaborately engaged a table. After the theater, feeling quite sure of the point, which is that in the great dining rooms with its myriad tables they supped in almost solitary splendor. A few Americans like themselves were scattered through the diners, and they also had probably engaged tables. It was not in the season. London was just then doing its country house visiting. It was an interesting encounter with the English system of "seasons."

HONEYMOON AT TAHOE. Mr. and Mrs. Lawrence Barker are spending their honeymoon at Lake Tahoe where they will remain another fortnight before going to their new home in Los Angeles. Mrs. Barker was Miss Natalie Cole, daughter of Mr. and Mrs. Nathan Cole, Jr., of Berkeley, a bride last week. Mrs. Barker and Mrs. Roscoe Glover Downs, (Lucretia Mauvais), will be two of the prominent young matrons of Los Angeles society next winter.

HOUSE PARTY AT BROOKDALE. Mr. and Mrs. H. C. Capwell will entertain a house party of young people over the Fourth at Brookdale. The guests will be friends of Miss Phyllis and Miss Dorothy Capwell and among them will be Miss Lila Lovell and Miss Carmen Chiracelli.

Among other holiday house parties at Brookdale will be one at which Mrs. Edward Fung will be hostess to several Oakland friends.

EXTEND SYMPATHY. Friends of Professor and Mrs. H. C. Ingram are extending their sympathy for the death of Mrs. Ingram's father, Rev. J. D. Durham of Irvington, who lost his life in a railroad accident at Oak last week. Mr. Durham was an old resident of California and had a wide circle of friends throughout the state.

MISS THOMAS A BRIDE. This afternoon at the Thomas residence in Dwight was Miss Nora Thomas became the bride of William Thomas, Rev. W. K. Hodgkins of All Souls' Chapel performed the ceremony at half past three o'clock, in the presence of twenty-five guests who included only relatives. The house was beautifully decorated with a profusion of roses and sweet peas. Miss Maud Thomas, who was her sister's only attendant, wore a gown of pink tulle and lace. The bride wore a rare old lace that is an heirloom in the family. William took the afternoon train for the South, where the honeymoon will be spent. Among guests at the wedding were Mr. and Mrs. John Hudson (Ada Warren), and Mr. and Mrs. Frederick F. Thomas, Jr.

GREAT CROPS ARE

SHOWN IN REPORT

Monthly Bulletin of Railroad Shows Big Production.

SAN FRANCISCO, June 20.—One of the board of directors of the Southern Pacific, receives at his New York office the company's "Trade and Traffic Letter." Prepared by over fifty experts, the letter is set from the office of Vice-President W. R. Scott. The June letter tells of the crop prospects in California, and in part is as follows:

"Crop prospects are excellent, and it is confidently expected that, with the returns from crops, improvement in business will commence by fall. Shipments of deciduous fruit on June 10 and the estimated total in cars follow:

	Total	Estimated
Apples	1,000,000	1,000,000
Cherries	148,000	148,000
Peaches	250,000	250,000
Pears	111,000	111,000
Grapes	500,000	500,000

Apricots have developed better than expected, the only shortage reported being in the vacaville district. Cherries have turned out slightly less in all districts. There is a normal crop of peaches in the Santa Clara valley, and elsewhere the crop is above average. Estimates on pear above for a yield about normal in the Santa Clara valley and near Stockton, elsewhere the crop is normal or above. Grapes are reported in fine condition in all districts. A greater demand is expected from the East on account of the Eastern Cornucopia being largely contracted by Armour and others for grape products. The Watsonville apple district, the crop is estimated at about 2500 cars against 1200 last year.

"The shipments of citrus fruit for the season 1913-14, up to June 20 have been:

	Season 1913-14	Season 1914-15
North of Tehachas	1,000,000	1,000,000
South of Tehachas	2,100,000	2,100,000
Totals	3,100,000	3,100,000

"From southern California the navels are practically all shipped. Valencia is now moving. The estimated crop is 12,000 cars, making the total for the season about 40,000 cars. In the Porterville district the Valencia crop is about 1000 cars, and this season is drawing to a close. Shipments of melons from the Imperial valley to June 10 were:

	To June 10, 1914	To June 10, 1913
Cantaloupes	1,000,000	1,000,000
Watermelons	1,000,000	1,000,000
Totals	2,000,000	2,000,000

"Estimates on the grain crop are: Wheat 9,000,000 bushels, against 8,500,000 last year. Oats 1,000,000 bushels, against 900,000 last year. Corn 1,000,000 bushels, against 900,000 last year. Barley 1,000,000 bushels, against 900,000 last year. Alfalfa crops are very large. Grain has been allowed to go to maturity, so much has been cut for hay. On cotton the estimate is 50,000 bales, against 21,000 bales last year. About 65 per cent of the acreage in Mexico, and the Mexican trouble may have some effect.

"Oil production in May is estimated at between 9,000,000 and 9,500,000 barrels, the largest output for any month. While production is heavy, general business in the oil fields is quiet, as development work is comparatively small."

ROUND TRIP TICKETS TO LAKE TAHOE

Round-trip tickets will be on sale July 4th to Lake Tahoe at a rate of \$21.50 and includes the rail fare, Pullman accommodations, special steamer trip, lunch on boat and two full days at the Tavern. TAXPAYERS' ASSOCIATION IN BUSINESS MEETING

Association met in regular business session on Sunday afternoon, June 23, with all officers present and a goodly attendance. After routine business had been transacted, a discussion on the welfare of Oakland's waterfront was taken up, and Captain B. J. Waiters, ex-harbor commissioner of Stockton, delivered an address. The association will be addressed at each monthly meeting by one of the state harbor experts. The next meeting will be on "A practical talk on the Oakland Waterfront."

Cathedral Park

MRS. ALLEN FINDS
POST EXACTING

Will Resign Secretaryship of
Recreation Commission;
Too Much Routine.

ALAMEDA, June 30.—Mrs. Ellen Allen announced today that she is resigning as secretary of the recreation commission. Mrs. Allen declares that there is too much routine work to be done in this position and she believes that a paid secretary should be engaged.

"There are many matters that come up in the commission," said Mrs. Allen, "that I am so busy engaged at the meetings in handling the routine work that I cannot satisfactorily attend to the practical matters."

At the meeting of the commission last night two bills for \$22.95, which were filed by Thomas Taker for labor and ma-

Commissioner F. J. Probst. He declared that Taker is an employee of Commissioner John W. Mac Rae and that therefore under the charter the man cannot be paid. No action was taken by the commission.

Thomas Goff of the park board was ousted because his special policeman star was recently taken away by the chief of police following a brawl and Robert McCullough was appointed to the vacancy.

M. E. HOME MISSIONARY

SOCIETY HAS MEETING

A large attendance of members and guests were in attendance at the annual meeting of the Ladies Home Missionary society of the First Methodist Episcopal church, corner of Twenty-fourth and Broadway, held yesterday morning.

The society reported a successful year. The reports of the various societies were read and the following officers were elected:

President, Mrs. F. G. Harrison; first vice-president, Mrs. C. H. Merritt; second vice-president, Mrs. Clara Cressinger; third vice-president, Mrs. George C. White; fourth vice-president, Mrs. W. B. Newman; corresponding secretary, Mrs. J. R. Stephens; treasurer, Mrs. G. B. Watson. The society is to be congratulated on the choice of president, for Mrs. Harrison, in addition to the office of president, is also president of the Alameda District of Home Missionary societies connected with the Methodist churches.

REINTRODUCE BILL FOR
\$400,000 FRENCH EXHIBIT

WASHINGTON, June 30.—The French government's bill for the appropriation of \$400,000 to cover the expenses of the French exhibit at the Panama-Pacific Exposition at San Francisco was reintroduced into the Chamber of Deputies today.

The bill, which accompanied the appropriation, which accompanied the bill, is dated June 22, and is signed by Premier Viviani, Jose Noulens, minister of finance, and Gaston Thomson, minister of commerce. In this document diplomatic and economic considerations are put forward, and France is urged to join in celebrating the union of the Atlantic and Pacific oceans by the work begun by French engineers and carried out by Americans.

Belief that the bill will soon be adopted by the French parliament was expressed today by Alexander E. Torman, French commissioner-general to the exposition.

REALTY SYNDICATE IN
SUIT ON \$2000 NOTE

The Realty Syndicate was this afternoon made defendant in another suit, when the First National bank of Emeryville filed a complaint asking a judgment on a note for \$2000 with accrued interest, issued to the bank by the corporation on June 20, 1914.

The note was issued on the basis of a copy of the note offered in evidence, in which the syndicate promised under the signatures of George E. Pratt, third vice president, and S. J. Taylor, secretary, to pay the amount with added 6 per cent per annum interest until the date of payment. The note was issued "On demand."

C. Berlin is attorney for the plaintiff.

APPOINTED EXECUTOR
OF REINHARDT ESTATE

Letters of administration in the estate of the late Dr. George F. Reinhardt, former health director of the University of California, were today granted Duncan McDuffie, of Berkeley, by Superior Judge William S. Wells. The letters were granted McDuffie as representing the widow of the deceased, Mrs. Eulalia Reinhardt, and the two minor children, George F. Reinhardt, Jr. and Paul Reinhardt.

The estate comprises the family home on Durant avenue and some other property, as well as bonds and insurance.

YACHTS MAKE READY
FOR DEFENDER RACES

NEW YORK, June 30.—The fitting out of the cup class yachts Defender and Yachtie for the third trial races, which began July 7 at Newport, was started today at City Island.

Races set for Thursday, Friday and Saturday of this week have been cancelled in order that the three cup defenders may be in the best possible trim for the trials.

Resolute is at Bristol, R. J., undergoing repairs.

BLOOD IS SHED AGAIN
IN OLD ARKANSAS FEUD

Berry Mountain feud, which has existed in this section of Arkansas for many years, was revived last night, when Frank Cook, a mountaineer, shot and killed a man named Sherman. The feud is now being fought between the two families.

STEARNS SHORE
ON PORTSMOUTH COAST

PORTSMOUTH, June 30.—Henry Cosgrove, an aged fisherman, was killed and four others were hurt, one seriously, when a gangplank on a pier from Charleston to the White Star liner Cymric broke and fell on the pier below it today.

Merchants, 25 years of age, and athletic, committed suicide today by inhaling gas in his apartment at 1500 Broadway.

Falling eyeglass which necessitated an operation a year ago, is believed to have caused death.

connection with the postoffice money orders which he used out did not come out in cash assistant United States Attorney Heilmann presented the evidence to the grand jury.

ILLINOIS FOLK RAISE FAIR FLAG

Ground Broken for Big State Building at Panama-Pacific Exposition.

SAN FRANCISCO, June 30.—With inspiring ceremony ground was broken today for the Illinois pavilion at the Exposition grounds. The flag of the governor of Illinois had been previously sent to Guy Cramer, resident and representative of the Illinois Exposition Commission, and in the presence of representatives of San Francisco, of California, of the Panama-Pacific International Exposition and the Illinois Society of California, the work, historic banner was raised over the building site, by Mrs. J. G. Rockwell, now in her eighty-fourth year, had been for sixty years a resident of Quincy, Illinois. Several Oaklanders took part in the ceremonies.

As chairman of the day, Henry A. Melvin, a connecting link between the two States as a Justice of the Supreme Court of California, and as the son of a man

mate friend, organized. The speakers' stand connected by a direct wire with the office of Governor Dunne at Springfield, giving the ceremonies an additional note of spontaneity and variety. To begin the day, Judge Melvin read a telegraphic message from the governor. The program:

Invocation—The Rev. William Day Stinson, First Unitarian Church, Oakland. Address of welcome—The chairman of the day.

Address—Governor William W. Johnson of California, or his official representative.

Address—Mayor James Rolph, Jr. of San Francisco, or his official representative.

Solo—"Illinois" Mrs. Olive Thomson of Oakland; accompanist, Miss Lorraine Ewing.

Address—President Charles C. Moore of the Exposition, or his official representative.

Address—Mrs. Sadie Stiles Thompson, president Illinois Society of California, Oakland district.

Address—Dr. Frederick A. Bliss, president Illinois Society of California, San Francisco district.

Address—Guy Cramer, resident representative of the Illinois Commission, on behalf of the Governor of Illinois and the Illinois Commission to the Panama-Pacific International Exposition.

Formal breaking of ground—Guy Cramer, on behalf of Governor Dunne of Illinois and the Illinois Commission to the Panama-Pacific International Exposition. Soil also will be broken in turn by the chairman, the State and city representatives of the presidents of the Illinois Society of California of the Oakland and San Francisco districts.

Raising of the flag of the Governor of Illinois—Mrs. L. E. Rockwell of Quincy, Ill., now visiting in Oakland.

Formal presentation of official plans and specifications of the Illinois State pavilion by Guy Cramer to Mr. Bergstrom of the contracting firm of Lange & Bergstrom.

Song—"America" by all assembled.

Benediction—Dr. Thomas A. Boyer, First Christian Church, Oakland.

A unique celebration will be held at the Exposition tomorrow at 2 p. m. when the Ottoman Empire breaks ground for its pavilion. Honorary Consul Maurice Hall of Turkey in San Francisco will have charge of the details of the ceremonies and a young Turkish noble, Zia Mufti Bey, will hoist the flag over the site.

The Turkish display at the Exposition will be one of the handiwork that has ever been sent to an Exposition and will include every product of the Ottoman Empire.

ACTOR IN AUTO KILLS CHILD; ATTEMPTS FLIGHT

NEW YORK, June 30.—James Young, director of the Vitaphone Company of America, actor and former husband of Rida Johnson Young, the playwright, was arrested yesterday at his home in Flatbush on a charge of homicide. Earlier in the day Young had run down in his automobile and killed 8-year-old Morris Applebaum of Brooklyn and then had put on full speed and escaped. "I ran because I was afraid of the crowd which gathered. I thought they would attack me," said Young.

NOTED WRITERS OUT TO AID AL JENNINGS

BINGLING, Okla., June 30.—Members of the New York Writers' Club are aiding Al Jennings in his campaign for the governorship of Oklahoma. Letters are being received by the voters from such prominent writers as Lincoln Steffens, Irvin Cobb and Inez Hayes Gilmore, urging that they support Jennings. "He would make one of the best Governors in the country," is the tenor of the letters.

'A COAT LIKE THIS IS COMFORTABLE, CATHERINE'

"Yes, I'm sure it must be. Where did you buy it? But never mind telling me. I haven't any money anyway and I may as well resign myself to that old sweater and the coat of my suit for this summer."

"Nonsense! Catherine, you need to be waked up to the MODERN WAY of buying clothes. It's absolutely the simplest and pleasantest way in all the world--it's the 'CREDIT WAY' that CHERY'S make so easy."

"I'm still at sea, Jean. Do you mean that I, who don't own anything, couldn't offer any kind of security, can go up to CHERY'S store and pay for the coat I select in WEEKLY PAYMENTS?"

"I do, Catherine. Just try it! Let me whisper--my Coat cost only \$10.50! There are dozens of lovely coats at the same price, the latest models, all of them. I'm going to buy a waist myself today, and you had better come to Chery's with me and help pick it out. And Suits, Catherine, are actually selling for as little as 'ONE-HALF' their regular prices."

"Agreed! Let's see, Jean, Chery's Washington and Clay, is it not?"

"Yes, Catherine, and they have a men's clothing store just across at 28. They also have two stores in San Francisco at 1069 Market and 2400 Mission St."

BRYAN HENCHMAN EMBARRASSES HIM

Sent for Political Reward on Brief Embassy, He Stirs Sensation.

WASHINGTON, June 30.—Another instance of the political assesting of the Pindell type is said to be back of the remarkable Albanian activity of Geo. Fred Williams of Massachusetts, Minister to Greece.

Williams, it is declared, was appointed to that post for political purposes, with the understanding that he retire within six months. With this in mind, it is believed, he felt free to stir Europe into one of the greatest diplomatic sensations it has experienced in years.

DISREGARDS CUSTOM. Williams cabled the State Department he was forwarding by mail the full text of his statement on the Albanian situation, which was recently reported to have been of an extremely sensational nature.

Diplomatic officials abroad are not permitted openly to comment on or engage in the political situations of countries to which they are accredited, and such indiscretions are promptly followed by the recall of the diplomat.

Williams' recall will not be necessary, as his retirement is understood in official circles here to be at hand. When this became known to Senator Williams, a candidate to succeed Williams as Secretary Bryan in his friend's behalf.

"POLITICAL," BRYAN SAYS. "I am sorry," said Bryan, "but you know this is one of our political appointments. We have not enough jobs to go around, and Williams was sent to Greece for six months. The place was promised to another Massachusetts man, to be given him when Williams' term was up, and of course the promise will have to be kept."

The Massachusetts man who has the promise of the Greek berth is a well-known professor connected with Amherst College.

Secretary Bryan today declined to comment on the Albanian investigations of Minister Williams.

The mission of investigation by Minister Williams is reported here to have been prompted by the Carnegie Peace Society.

MRS. BAIRD'S HEIRS FILE ADMINISTRATION PETITION

Petition for letters of administration was filed this morning by Ryan Curtis and Robert Bowie Baird in the settlement of the estate of the late Mrs. H. Julia C. Baird, pioneer Berkeley woman, who died in that city June 23. The estate, aggregating about \$23,000, is left to her children, Dudley, De Lancy and Frank Baird, the other three heirs, renounced their right to act as administrators in the petition filed in the Superior Court today.

HORSE RUBS NOSE WITH ANGRY MASTER; HOSPITAL

R. B. Smith, a teamster, 579 Fourth street, was impatient this morning when he sought to harness his horse. The horse wouldn't take the bit and he jabbed at the animal, which, wheeling suddenly, brought its nose against his master's so forcibly that the latter appeared at the Emergency hospital with a broken nose as a souvenir of his encounter. The injury was dressed by Dr. E. E. Dowdle. The horse was none the worse for the accident.
